Cy-150 engineering drilling rig

It is a national high-tech enterprise specializing in the design, production, scientific research and development, and operation services of geological equipment such as drilling rigs, drilling ...

The XY-1A Exploration Engineering Core Drill Rig is a powerful and versatile machine designed for core sampling and exploration drilling in various geological formations. This compact and ...

The HS-150T Diesel Gasoline Engineering Drilling Rig is a robust and powerful drilling machine designed for a wide range of engineering and exploration ...

The RC168Y Hydraulic anchoring engineering rig is a highly efficient multi-function rig designed for anchoring and engineering drilling. It is powered by a hydraulic system, equipped with a ...

High quality 150mm Hole Diameter Engineering Drilling Rig For Personal Use Sampling from China, China"s leading 150mm hole diameter engineering drilling rig product, with strict quality ...

The JCD150A Pickup Auger Drilling Rig is a highly efficient, portable, and versatile drilling solution designed for shallow drilling projects such as soil sampling, water well installations, and ...

e) For water depths more than 1800 m, drillship rig for drilling and tension leg, subsea system or spar platforms for oil/gas extraction. 15 fOffshore Petroleum ...

1.DR-150 rotary drilling rig is a general ground engineering drilling machine,suitable for comprehensive civil construction projects, such as high-rise building construction,road and ...

The company"s products have passed ISO, CE, SGS, CQC and other product quality system certifications, and the products are exported to 26 countries overseas. The maximum depth of ...

Drilling rig features: 1. Wide speed range and reasonable gears. 2. Low speed and high torque, suitable for drilling rig sampling and pile hole construction. 3. ...

High quality 150 -180m Mining Drilling Rig, Engineering Hydraulic Core Drilling Rig XY-1A from China, China"s leading exploration drill rigs product, with strict quality control hydraulic ...

Drilling Rig GY-150. This is a multi-usage engineering drill rig for geophysical prospecting and small-diameter piling work for civil engineering projects like ...

Winch: Tulsa hydraulic, cable 1/4 x 50" Drill pipe spinner hydraulic Drill pipe (1) 4" x 14" Drill bit (1) 12" x

8" auger type Drill with water flush Pump: Honda with 20" x 2" hose Suction ...

Applications: Engineering Drilling Rig is a drilling machine designed and manufactured by Shitan for geotechnical drill rigs, mining exploration, and investigation drilling. It is a reliable and cost ...

High rotation speed for drilling with small-caliber diamond bits, suitable for pile testing and other construction tasks. Equipped with a combination of friction ...

GY-200-1G engineering drilling rig is a new generation of lightweight multi-purpose engineering survey and construction drilling rig optimized and ...

This state-of-the-art engineering survey drilling rig is ideal for a wide range of applications, including industrial and civil building projects, railway infrastructure, bridge construction, and ...

We manufacture and supply GY-150HB/CT Soil boring drilling rig with mud pump intergrated at a factory competitive price with features: 1.High speed,big toruqe, drilling rig water ...

O& G production Platform count Number of rigs and number of non-rig activities involved in drilling and related well operations Wells spud Losses of well control Fires

Cy-S22 Medium-Sized Skid Mounted Drilling Rig Adopts Modular Design Including Track Chassis Turntable and Propeller Module, Find Details and Price about Medium Pry Drilling Rig Medium ...

Kores Engineering introduced KDR-150, a hydrostatic drilling rig with a 3-meter stroke developed for limestone & coal exploration. The machine"s high speed & torque ensures increased ...

The CY-IDR250 series rotary Blasthole Drilling Rig is a new generation of intelligent drilling equipment developed specifically for perforation operations in open-pit mines under extremely ...

Kores Engineering offers complete drilling solutions to our customers. We provide expertise in designing, developing, and distributing high-precision equipment ...

GY-150HB model drilling rig is a lightweight and versatile engineering exploration drilling rig, suitable for engineering geological exploration in industrial and civil ...

30m depth telescopic engineering hydraulic rotary drilling rig DR-150 WhatsApp:+86 158 6623 7600 Shandong Yahe Construction Machinery Co. Ltd, 1.33K subscribers Subscribe

HYDRAULIC DRILL RIG Australian designed and manufactured by Christie Engineering, these machines are developed to be extremely powerful and ...

Cy-150 engineering drilling rig

HD3260 The HD3260 is the latest version of HD325 series drill rig, mainly for large dia. piling work, especially DTH hammer drilling 610 and 813 mm dia. The machine weights around 44 ...

Technical Specifications Drill Specification Details Drilling depth 150m Initial hole dia 150mm Final hole dia 75mm Drill rod dia 42mm Angle range 90°-75° Dimensions(L x W x H) ...

Products High-Quality Drilling Rigs Kores has gained a global reputation for well-designed and engineered rigs since 1937. The wide range of products ...

The drilling rig is suitable for engineering geological investigation, general exploration of solid deposits, blasting holes and inspection holes for a variety of concrete structures.

Kores Engineering offers complete drilling solutions to our customers. We provide expertise in designing, developing, and distributing high-precision equipment to various industry sectors.
