

260 water well drilling rig

Our factory mainly produces water well drilling rigs, core drilling rigs, down-the-hole drilling rigs, pile drivers, etc. The products have been exported to ...

X-CMG water well drilling rig XSL5/260 is suitable for various construction technologies such as air DTH hammer and mud drilling, and it is highly prized for its drilling speed and good ...

The DMiningwell MW260 III Crawler water well drilling rig is a powerful, reliable and efficient drilling equipment. Equipped with high-performance engines and tracks, it can handle a variety ...

260 Meter Full Hydraulic Crawler Water Well Drilling Rig Diesel for Home Farm New Gearbox Pump Rock Drill, Find Details and Price about Drill Drilling Rig from 260 Meter Full Hydraulic ...

In September last year, a Peruvian customer purchased a UY260 water well drilling rig from UNIQUE, and Kevin Xu, our sales manager, provided a customised technical ...

Explore the 260m crawler water well drilling rig MW260. With a wide range of hole diameters, it provides reliable performance for deep water well projects. Discover its advanced features and ...

Designed for drilling wells, irrigation systems, geothermal applications, and air holes, this rig excels in mountain and rocky terrain water engineering projects. ...

Large drilling diameter: The drilling rig is mainly suitable for drilling holes for water wells, agricultural irrigation wells, geothermal air conditioning holes, and other purposes, especially ...

High quality 260 Meters Deep Water Well Boring Machine With Large Horsepower from China, China's leading product market 260 Meters Water Well Drilling Rig product, with strict quality ...

KL series hydraulic water well drilling rig is mainly used for water wells, general geological research and exploration / core drilling, types of holes in concrete structures, roads and tall ...

The water well drilling rig is a lightweight, efficient, multi-functional crawler-type fully hydraulic drilling rig. It has the characteristics of advanced structure, easy use, ...

ST260 series water well drilling rig is a lightweight, efficient and multifunctional drilling equipment, The water well drilling rig is mainly applicable to industrial and civil drilling, geothermal drilling, ...

SW-260C crawler hydraulic drilling rig is mainly used for well drilling in resource exploration and hydrology

260 water well drilling rig

wells, civil use water well, agriculture irrigation, etc.

The ST 260 water well drilling rig machine operates effectively on various formations, with drilling diameters up to 245mm. Designed for drilling wells, ...

1. why should you buy from us not from other suppliers? Feida Mining Machinery Co., Ltd. has been researching and producing water well drilling rig, DTH drilling rig and ...

Adopting newest model & advanced hydro technology, low consumption, large rotary torque, convenient hole deflection, our water well drilling machine are mainly used for well drilling in ...

ST-260 drilling rig is especially suitable for water intake in mountainous and rocky strata. Pneumatic water well drilling machine should be used together with air compressor, it ...

XSL5/260 Deep Well Drilling Rig is a full hydraulic system and top drive Deep Well Drilling Rig, it's mainly used to water wells, monitoring well, grouting hole, air conditioner hole (geotherm), ...

The ST 260 is a lightweight, efficient, and versatile drilling rig designed for water wells, irrigation systems, geothermal applications, and other borehole drilling needs. Engineered to perform in ...

ST-260 Water Well Drilling multifunctional hydraulic well drilling rig series mainly applied to industrial and civil drilling and geotemperature drilling. It has the advantages of large diameter ...

We are Water Drilling Rig manufacture and supplier, provide 500meters Depth Crawler Water Well Drilling Rig Xsl5/260 on sale, factory price.

The water well drilling machine It is equipped with advanced technology and a powerful engine, ensuring efficient and speedy drilling operations., it is suitable for various application occasions ...

Presenting our versatile 260m Self-Propelled Water Well Drilling Rig, available in three innovative versions: the standard model, the upgraded variant with an advanced opening and closing drill ...

China Xugong 500m Xsc5-260 Mobile Crawler Water Well Drilling Rig Machine, Find Details and Price about Drilling Rig from China Xugong 500m Xsc5-260 ...

XCMG XSC5-260 Water Well Drilling Rig XSC/XSL series deep (water) well drilling rig uses full hydraulic control and the top drive to drive the rotation of drilling tools with very high drilling ...

The 260 track type water well drilling rig is an efficient and multifunctional drilling equipment designed specifically for industrial and civilian drilling, as well as geothermal drilling. With its ...

260 water well drilling rig

Compact ST260 pneumatic drilling rig for water wells, 260m depth capacity, diesel-powered with 1-year warranty. Ideal for household and small-scale drilling projects.

HF260D water drilling rig This sunmoy HF260D water drilling machine is widely used for geothermal drilling, farm irrigation drilling, house yard, gardens and ...

ST-260 crawler drilling rig for wells up to 260m depth. Features 77Kw diesel engine, 12T lifting force, and all-terrain mobility. Ideal for irrigation, ...

KW260 Water well drill rig is upgrade from KW180, compared with KW180 bore well drill rig, KW260's drilling diameter can reach to 305mm, and the drilling ...

The water well drilling rig is a lightweight, efficient, multi-functional crawler-type fully hydraulic drilling rig. It has the characteristics of advanced ...
