

7655 Lubrication for rock drill

What lubricator does the rock drill use?

The Rock Drill is equipped with lubricator FY250. Secoroc YT29A is intended to be used together with and work conditions. It is also designed for dry drilling or wet Overview drilling mounted on rigs. Specification previous pages of this manual before operating the machine. information about personal safety and machine maintenance.

What are the operating instructions for a rock drill?

Operating instructions provide details on starting and stopping the drill, installing and removing bits, and maintenance schedules. YT29AE or 7655D pusher leg rock drill. of your new rock drill. of the machine. CE Declaration of Conformity 13

How do you flush a Rock Drill Engine?

1. Switch off the rock-drill percussion and flushing by means of the throttle lever. hand in front of the exhaust port while adjusting the regulating 2. Press the trigger, whereupon the piston rod is pulled back valve. If the hand is covered by a thin film of oil after a few into the pusher-leg cylinder automatically.

How do I know if my rock drill is bad?

Check the rock drill's damage. connection to the pusher leg. ??Check that the rock drill and pusher leg are receiving 4. Check the hoses, couplings enough lubrication. Fill the lubricator as necessary. and controls for leakage and damage. ??Drain the water separator. 5. Check that the rock drill and ??Check the air and water pressure.

Rock Drill Air-Oil is a semi-synthetic lubricant that increases machine reliability and service life by offering superior protection against machine wear and corrosion.

7655 is suitable for working with the hard and solid rock to do the drilling level, inclined hole or the up drilling (The drilling diameter is commonly between 34mm and 42 mm, and the depth of ...

YT23 is a highly efficient rock drill. It is mainly used in rock drilling work such as mining and tunneling, or in railway, water conservancy construction Projects and stone works. It is suitable ...

Rock drill: A tool used to extract stone directly by drilling holes in rock formations for explosive charges to blast through the rock to complete the quarrying of stone or other ...

Spectra Rock Drill Oil is a high performance lubricant for percussion-type air tools, which is formulated from highly refined mineral oils, extreme pressure, oiliness and tackiness additives, ...

The hand hold rock drill is used for rock drilling, blasting holes and other drilling works in the quarries, small

7655 Lubrication for rock drill

coal mines and other constructions. It's suitable for drilling of horizontal or ...

The rock drill and pusher leg are lubricated with oil mixed with compressed air, which is taken to the parts that need continuous lubrication. Oil is metered into the compressed air using the ...

It has won the highest national quality award and won the first place in the world rock drill performance comparison contest held in Peru. It is an economical, ...

PRODUCT FEATURES Excellent lubricant for air-operated tools such as jack hammers, pavement breakers, etc May be used in industrial machine shop application including gear ...

Rock Drill Oils are designed for extreme pressure lubrication capability in air-powered percussion equipment. The product is formulated to provide rust and corrosion protection as well as ...

Rock Drill Air-Oil is a semi-synthetic lubricant that increases machine reliability and service life by offering superior protection against machine wear and corrosion. Specially developed for Atlas ...

In conclusion, using the correct lubricant when drilling through metal is essential for a clean and efficient drilling process. Cutting fluid or cutting oil is the most commonly ...

Operator's instructions / Spare parts list Foreword Thank you for selecting the Secoroc pusher leg rock drill 7655/7655D. These instructions were developed to help you get the best ...

7655 Portable Pneumatic Rock Drill I can be used with FY200B oiler and type FT160A (FT160B, FT160C) air leg. It can be used for drilling the medium hard rock for wet drilling, drilling ...

Developed for internal lubrication for oil lubricated pneumatic equipment as well as for rock drills, jack hammers, pile drivers, chippers, pavement breakers and riveters. The high viscosity index ...

7655 Air leg rock drill is high efficiency rock drilling machine "s widely used in mining and roadway drivage of drilling operation. Also it"s an important tool for railway, water ...

I. Scope of application Hand held Rock Drill Model Y26 is mainly used for drilling, second blasting and other works in mines, railway, and water conservancy projects. It is designed for both dry ...

The document provides operating instructions and maintenance guidelines for a hand held rock drill. It describes the drill"s specifications and components, operating procedures, lubrication ...

Product Introduction 7655 rock drilling is a high efficiency rock drilling machine. It"s widely used in mining and roadway drivage of drilling operation. Also it"s an important tool for railway, water ...

7655 Lubrication for rock drill

The rock drill and pusher leg are lubricated with oil mixed with compressed air, which is taken to the parts that need continuous lubrication. Oil is metered into the compressed air using the ...

Formulated to minimize wear and scoring of sliding mechanisms in rock drills, JAX Air Tool/Rock Drill Oils contain a highly effective water-absorbing agent to prevent condensation from ...

Phillips 66 Rock Drill Oil is an adhesive, extreme-pressure (EP) lubricant specially developed for the lubrication of air-powered tools such as rock drills, jackhammers, pavement breakers and ...

Rock Drill Jack Hammer is suitable for wet or dry drilling in all kinds of rocks. The jack hammer driller is hand held type for perpendicular and air leg type titling direction. Advantages: light ...

I. Scope of application Hand held Rock Drill Model Y19A is mainly used for drilling, second blasting and other works in mines, railway, and water conservancy projects. It is designed for ...

Pneumatic Rock Drill/Hammer Oil BioLube RDP is a readily biodegradable, heavy duty rock drill (hammer oil) lubricant designed to meet the requirements of ...

Hand-held pneumatic Leg Rock Drill / 7655 rock drill/ drilling machine is a high efficiency rock drilling machine. It's widely used in mining and roadway drivage of drilling operation. Also it's ...
