

Ac drive drilling rigs

DRILLMEC 1500HP LAND RIG PACKAGE 1500hp AC (60hz) land rig manufactured in accordance with API standards. All equipment will be certified for use in hazardous areas ...

As a fully vertical integrated systems provider, Bentec offers a unique combination of resources. This, together with our industry experience and expertise, enables us to deliver customer ...

Our AC Ideal(TM) land rig is a readily configurable drilling rig with walking capabilities designed for the challenges of shale pad drilling. The AC Ideal rig brings together innovative ...

Canrig offers a full range of critically engineered, portable and integrated top drive systems for most land and offshore rigs. This includes top drives in every size and configuration to meet ...

Variable Frequency Drive Bentec Variable Frequency Drive is an own-developed adjustable AC motor drive system for drilling machinery. Available Power ...

Features: Model ZJ70/4500DB, 2000HP, VFD drive land drilling rig is designed to drill and complete oil and gas wells with a depth below. The rig naming and ...

POWERED BY PA RKER 2000 HP, AC Variable Frequency Drive Land Drilling Rig Rig 265 Design Features (All main components conform to API specifications)

We can offer NEW or USED USA made Oil & Gas or Geothermal Energy drilling rig packages with the following suggested inventory. These rig packages for ...

Our standard top drives feature all the key elements of top drives such as standard washpipe, hanger assembly, link-tilt-system, remote-controlled and manual IBOP, and many others. ...

POWERED BY PA RKER 2000 HP, AC Variable Frequency Drive Land Drilling Rig Rig 266 Design Features (All main components conform to API specifications)

Here at Parker Wellbore, we provide world-class technical drilling rig design to help you make such decisions -- determining whether your operation would best benefit from electrical drilling ...

In the annals of modern drilling history, the development of the Helmerich & Payne (H& P) AC-drive FlexRigs will surely go down as a key ...

We offer innovative rig structures, drilling equipment, electric power systems, SCR drives, AC variable

Ac drive drilling rigs

frequency drives, and more. The land rigs are equipped with many of the latest in ...

During the 1970s, electrical power using on-site generators was introduced to drive systems on the rig, and the advent of new downhole tools would allow drillers to directionally ...

Canrig manufactures, markets and services a full range of electric top drive systems for most land and offshore rigs. This includes top drives in every size ...

The Difference Between Direct Current and Alternating Current Drilling Rig Electric Drive System May 24, 2016 Petroleum electric control system is generally divided into two categories, one is ...

It was revolutionary for them, and as we decided to develop an application for our industry, the AC drilling rig was born. Creating a drilling rig ...

Pioneer Drilling was the first company to power a land rig in the US with AC drive motors, according to William Stacy Locke, Pioneer's President. Those units, Rig 7 and Rig 8, were ...

We have a specialty in helping international customers build drilling rigs and equipment from abroad. Experience in past drilling rig projects include drilling rigs ranging from 750HP through ...

MH PTD-500-AC-1250 HMH's high-performance MH PTD-500-AC-1250 combines outstanding torque, power and speed with the most compact and light weight design in its performance ...

Drilling rigs can be designed with different drive modes: Electric drive (AC or DC), mechanical drive, or a combination of both (compound drive). In the following ...

New Drilling Rig - 1500HP Description For sale is a New Land Drilling Rig 1500HP - Cantilever mast self-elevating with clear height from drilling floor of 142 ft - Base 25 ft - Static hook load ...

MCC system applies GCS standard cabinet to control one C15 480V, 60HZ, 500KW auxiliary diesel engine generator or applies two 750KVA transformers to supply 480V, 3?, 60Hz AC current to ...

Tailored systems for onshore and offshore projects We provide a range of AC-driven top drive systems for demanding drilling applications onshore and offshore. All our top drives are ...
