

Accessories for Down-the-Hole Drilling Rigs

What tools do you need to drill a hole?

From hammers, bits, shock absorbers, hole openers to casing systems and (WAI) water hammers and hole openers. Comprehensive range of DTH rock drilling tools for any tough environment. Cost effective drilling method for sample grade control and getting initial geological data.

What DTH drilling tools do you offer?

We offer a complete range of DTH drilling tools including hammers, bits, pipes, adapters, breakout benches and grinding machines with consumables. The history of the down-the-hole hammer manufacturing goes back more than four decades. For the past 40 years and still today, our goal is to produce the best products for our customers.

What hammers are available for deep hole drilling?

Wide range of large diameter Down the hole (DTH) hammers for your Deep hole drilling. Drill King manufactures the widest range of high quality Down the hole (DTH) tooling. From hammers, bits, shock absorbers, hole openers to casing systems and (WAI) water hammers and hole openers.

Does drilling supply store sell drilling rigs?

With Drilling Supply Store, buying drilling tools has never been easier. We offer a complete line of drilling rigs for mineral exploration (RC drilling and coring), water well and geothermal drilling, foundations and other construction or mining applications. FIND OUT MORE ABOUT OUR DRILLING RIGS. © 2022 Drilling Supply Store. All Rights Reserved.

What drilling tools does drill King offer?

Drill King is able to offer a comprehensive range of DTH rock drilling tools and drilling equipment for any tough environment providing a cost-effective drilling solution. Our range includes various drilling bits types, each designed for specific drilling needs and conditions. Join us in Conventional Center, Las Vegas, Nevada, 2024 in Booth #657

What materials are used to make downhole tools?

All downhole tools are manufactured with either 4145 heat treated alloy steel or premium stainless steel (non-magnetic) materials in accordance with API specifications to ensure high quality products for every application.
