

Af 100 drill rig torque spec

What is an explorac 100 rig?

Explorac 100 is a crawler-mounted, compact rig specifically designed for reverse circulation drilling at depths down to 250 meters. In order to optimize production, this rugged and easily manoeuvrable rig comes with a rod handler and a positionable magazine that holds up to 30 drill pipes.

Who makes drill rigs?

Based in Italy IMT International makes Drill Rigs using Caterpillar bases and Special Application Drill Tools. IMT has a global marketing and post-sales assistance network in over 30 countries in the world. IMT customers can rely upon rapid assistance and a quick response to any customer's needs 365 days a year.

How many pipes can a drill rig hold?

In order to optimize production, this rugged and easily manoeuvrable rig comes with a rod handler and a positionable magazine that holds up to 30 drill pipes. The two remote control units offer precise control of the rig at a distance of up to 40 meters, keeping both the operator and helper out of harm's way.

Equipment details Single-load IMT CAT 320 class excavator Drill is in running condition and priced to move 4-element locking Kelly bar for 100-ft+ max depth 15,205 hrs currently on the ...

IMT- INDUSTRIA MECCANICA TRIVELLE - HYDRAULIC DRILLING RIGS.. For more information on IMT Drill Rigs, please contact us at 561-683-2015 x 179.

F 100 DRILLING RIG A lifetime drilling company Electrical and Diesel powered, with CAT 3512 LAND RIG generators, for drilling oil and gas wells up to 2,300 m. 100 tf hook capacity Triplex ...

The AF 180D drill rig is mounted on Caterpillar base model 325 D HHP excavator base with a Caterpillar undercarriage with extensible lower from 3 to 4,3m. The AF 180D can drill with ...

AF 240 1 The AF 240 is a drill rig that can easily overcome any kind of problem on the job site, even the most difficult ones. This rig has been created for foundation piles with diameters from ...

This rig has been created for foundation piles with diameters from 450mm up to 2000mm and a depth up to 66 meters. The AF 220 is mounted on Caterpillar 330 D HHP excavator base with ...

Fast and efficient Explorac 100 is a crawler-mounted, compact rig specifically designed for reverse circulation drilling at depths down to 250 meters. In order to optimize production, this rugged ...

With 100,000 lb (445 kN) of pullback and 12,000 ft²·lb (16 270 N·m) of torque, the JT100 is the ideal directional drilling unit for extended-range bores and installations of large-diameter
