

Apex drilling rig factory

Who is apex drill?

Apex is the Drilling and Mining industry's premier downhole drilling product company with best-in-class diamond core bits, drilling fluids & downhole tooling, and everything in between. © 2025 Drill With Apex. All Rights Reserved.

Who is Apex Group LLC?

Apex Group LLC is the Drilling and Mining industry's premier downhole drilling product company. We service clients to drive their drilling performance with best-in-class diamond core bits, drilling fluids & downhole tooling, and everything in between. Request A Quote!

Why should you choose apex's rigs?

Our diverse fleet of APEX's rigs offers our customers versatility, engineered to set the performance standard of drilling, exemplifying efficiency in all environments. Seamlessly integrating advanced technologies, we revolutionize drilling operations by optimizing precision and reducing human intervention.

Why should you choose apex drill steel?

From our fast and durable core bits to drilling fluids, we'll ensure you get the productive and profitable hole TD you need. Apex downhole wireline tooling reduces nonproductive time (NPT) while minimizing risk and problems associated with diamond core exploration drilling. All Apex drill steel is made according to the strictest quality standards.

What is apex petroleum engineering?

APEX Petroleum Engineering provides real-time well site frac supervision services to micromanage pressures, proppants, fluid chemistry, and equipment to ensure your completion design objectives are achieved. An unconventional asset presents numerous challenges that can drastically impact cost and performance.

How does the apex-XK 1500's rig work?

From the dedicated shipping skid for the mast, to the unified skids for the solids control equipment, the APEX-XK 1500's rig was designed to improve move times between locations. With the top drive and block remaining in the mast during transit, the hydraulic cylinders raise (and lower) the mast during rig up operations.
