Where does Rowan operate drilling rigs?

Rowan operates drills in Louisiana, Texas, the Gulf of Mexico, Canada, Alaska, and throughout the world. Era Aviation is a charter airline serving Alaska, the Gulf Coast, and the Western United States. LaTourneau, Inc. manufactures offshore drilling rigs.

Who is Rowan offshore drilling?

Rowan is a global provider of jack-up rigs and ultra-deepwater drillships, with operations in the Arabian Gulf, Gulf of Mexico, and the North Sea. Currently, Rowan has the largest offshore drilling fleet in Saudi waters, and with the creation of the new offshore drilling JV, that position will grow even more.

How many rigs does Rowan have?

With 24 rigs in operation in three states, Rowan began the 1950s aggressively. In 1951, Rowan began offering benefits to its employees as well as establishing a joint headquarters in Fort Worth, Texas, for the two companies -- Rowan Oil and Rowan Drilling.

How did Rowan rigs grow in the 1970s?

Despite the challenges of the 1970s, Rowan had experienced tremendous growth, doubling in size to 1,550 employees and adding new rigs and contracts in new areas. In 1981, Rowan CEO Bob Palmer was named the top CEO in the offshore drilling industry by the Wall Street Transcript.

When did Rowan rigs start?

Drilling with steam power was state-of-the-art for the 1920s, but by 1935 Rowan was moving ahead of the industry by purchasing its first diesel electric rig. In the late 1930s, the company extended its reach beyond Texas and into the marshland of Louisiana.

How did arch Rowan support the war effort?

Rowan was ready to support the war effort with improved drilling technology. Arch Rowan was a founding member of the Petroleum Industry War Council, an organization that later became the National Petroleum Council. After the war was over in 1945, Rowan, as well as other oil drilling businesses, experienced difficulties.
