

Are rigid drills good

Are Ridgid tools a good brand?

Aside from being durable, Ridgid tools are also easy to use, which is incredibly important. I can't stand when some tool companies over-manufacture simple tools to the point where they become ineffective. That's never the case with Ridgid. The simplicity of their tools allows for easy use, whether you're familiar with the brand or not.

Are DeWalt Tools better than Ridgid tools?

Both brands make a wide range of good tools, but a lot of Dewalt's tools offer features that Ridgid tools don't. That said, Dewalt tools don't come with the best warranties, and some of them are so elaborate it makes using them difficult. In the end, DeWalt is slightly better quality.

Where can I buy a Ridgid drill?

The Home Depot is the exclusive home for Ridgid tools, and Ridgid's 18v " drill kit is its top cordless drill in both ratings and sales. Ridgid's kit includes a 2Ah battery, charger, and soft case. The drill itself includes a metal ratcheting chuck, hex grip, and an LED light mounted on its base rather than above the trigger all for about \$100.8.

Does Ridgid sell cordless power tools?

Yes, Ridgid does sell some cordless power tools, but the selection of corded tools, stationary tools, and corded benchtop tools is better. You will also find that this brand produces a variety of pneumatic tools and compressors too. One category of tools that Ridgid does excel in is the category of hand tools.
