

Australia Power Screw Air Compressor

Which rotary screw compressors are used in Australia?

Most rotary screw compressors sold in Australia use a single stage rotary screw air-end. Sullair has a unique, proven 2-stage technology that employs two-stage VOC air-ends in series. This unique technology is the class leader in energy saving technology. Power advantage of 11 to 13 % over equivalently sized single-stage compressors.

Which rotary screw air compressor is best?

Engineered for Australia's most demanding industrial applications, the Champion CSF series offers robust performance and longevity. With its heavy-duty design and advanced componentry, these rotary screw air compressors ensure maximum uptime while exceeding industry standards for both safety and reliability.

Are rotary screw compressors oil free?

Oil-free screw compressors use alternative materials and advanced sealing technology to maintain air purity while still delivering reliable compressed air. How long do rotary screw compressors last? With proper maintenance, a high-quality rotary screw air compressor can last 10-15 years or more.

What is a rotary screw air compressor?

Rotary screw air compressors are typically a portable compression system. These models are typically mounted on trailers and often referred to as construction compressors due to their prevalent use in Australia's construction industry. Do You Offer Warranties & Servicing?

How do rotary screw compressors work?

Rotary screw compressors work using two very closely meshing helical screws, known as rotors, to compress air. The rotary screw traps the air between two meshed rotors and reduces its volume as it moves down through the rotors; this volume reduction results in compressed air. Are Screw Compressors Usually Portable?

Are champion CSI & CSF air compressors made in Australia?

Invest in equipment that lasts with Australian-made Champion CSI & CSF series air compressors. Hitachi Global Air Power's Champion CSI & CSF series air compressors offer a reliable rotary screw compressed air solution--proudly made in Australia, for Australia.

Get as a base, twin tanks or full feature with screw, dryer and tank as one. Australia's leading compressor manufacturer. We Are Air. We never stop - and ...

Looking for industrial compressors? Hitachi Global Air Power offers a diverse range of products tailored to meet your air power needs. Discover more!

Access Hire has a range of air compressors for hire Australia-wide. This includes brands like Atlas Copco and
