

## Belgian fully hydraulic down-the-hole drill rig rental

Who is HB drilling?

HB DRILLING studies, designs and installs your drilling, water-and sludge treatment units as well as the complete equipment for quarries. It also sells all the necessary equipment, from the smallest tool to the high-performance industrial machine. HB Drilling, a Belgian company situated in Fontaine L'Evêque, was founded in August 1987.

What kind of drilling rigs does hammer & steel offer?

Hammer & Steel offers daily, weekly, and monthly rentals of many respected lines of deep foundation drilling rigs such as rugged and dependable drill rigs. These drill rigs are ideal for applications including pile foundation drilling, dwell drilling, and ground release drilling, among others.

What equipment does HB drilling sell?

It also sells all the necessary equipment, from the smallest tool to the high-performance industrial machine. HB Drilling, a Belgian company situated in Fontaine L'Evêque, was founded in August 1987. Originally, it manufactured and distributed only drilling equipment for quarries, civil engineering and water wells.

Where can I rent a drill rig?

Rig-Rents offers Bay Shore Systems drill rigs, piling equipment, and tooling for rent nationwide.

Do you offer low overhead drill rigs?

We offer low overhead models for limited access drilling, Kelly bar extensions, and rubber pads or steel tracks on all drill rigs. We understand the importance of efficient and safe operations. Every piece of equipment undergoes meticulous maintenance to ensure optimal performance on your next drilling project.

What is the difference between Delmag and Soiltek drilling rigs?

Delmag drilling rigs have heavy-duty cat carriers with impressive torque and crowd capabilities, designed for hard drilling conditions and large diameter applications. SoilTek drilling rigs offer solutions to all requirements in the drilling and small diameter piling fields, including restricted access work.
