

Blast hole rotary drill rig parts

Which drill rig is best for blasthole drilling?

A combination of increased pulldown force, rotary torque, and 2600 cfm air end, the Pit Viper 291 drill rig is one of the most powerful drills for blasthole drilling. Tested and proven throughout differing regions and conditions around the world. The new Pit Viper 291 exceeds all in its class.

Where are Epiroc rotary blast hole drills made?

Produced out of Garland, Texas, and Nanjing, China, our machines are built in state-of-the-art production facilities and to the highest quality allowing fabrication to last through multiple repowers. Epiroc has a long history with designing and manufacturing main structures of rigs putting our rotary blast hole drills at the top of their class.

How deep can a rotary blast hole drill be used?

The REL C650 D Rotary Blast Hole drills are designed to drill clean holes of 6 1/4 inch (159mm) to 9 inches (229mm) diameter to a maximum depth of 120 ft (36.5m) using 30 ft (9m) long rods and 160 ft (48m) using 87.6 ft (26.7m) long rods.

What size drill rig do I Need?

Electric-driven rotary blasthole drill for drilling 207 mm to 406 mm (10-5/8" to 16") holes with up to 19.8 m (65 ft) clean hole single pass capability. Electric-driven multi-pass rotary and DTH blasthole drill rig for drilling up to 171 mm to 270 mm (6-3/4" to 10-5/8") diameter holes.

How does a rig source work?

Rig Source sources all the necessary products to keep your drill rig operating smoothly and efficiently: Mud Pumps: Circulates the drilling fluid (mud) down the drill string at high pressures, ensuring hole stability and efficient drilling. Rotary Table or Top Drive: Rotates the drill string to improve the process of drilling a borehole.

Where can I find spare parts for a drill rig?

Look no further because here at Rig Source, we have an extensive inventory of parts for numerous drill rigs. We carry spare parts for top drill rig brands such as Diedrich, Atlas Copco, Geoprobe®, CME, Acker, Mobile Drill, VersaDrill Canada, GtechDrill, and many others.

The DM45/50 rotary blasthole drill rig along with their big brother, the DML, are some of the most popular drills in the world for good reason. All three models ...

We provide an extensive selection of drill service kits tailored to various blast hole rotary and DTH (down the hole) drill rigs. Our inventory includes filtration, ...

Blast hole rotary drill rig parts

A blast hole drilling rig is specialized machinery designed to drill deep holes, usually ranging from 20 to 60 feet but sometimes extending much deeper, into rock formations. These holes are ...

The C750 Rotary Drilling Rig Machine is a Crawler Mounted, Hydraulically Operated, Rugged Crawlers and It is Designed to Drill Holes from 9" to 11" ...

At Universal Drilling Supplies, buy drilling equipment, drilling supplies, and spare parts for Reverse Circulation. Visit Now!!

Don't hesitate to ask about a particular drill rig. If we don't have a specific rig in stock, we can find it for you. We also offer replacement parts for drill rigs along with accessories. Whether you ...

Spartan Drill Tools has built Blast Hole / DTH Drill Pipe for almost every rig on the market. Epiroc, CAT, P&H, Sandvik, Komatsu etc. Get OEM quality at a ...

Discover powerful blast hole drills at Ritchie List, essential for efficient, precise, and deep drilling in mining operations. Browse our quality used range today!

Spartan Drill Tools Manufactures Drill Pipe and Drill Tools for Mining, Water Well, R/C, Sonic and Top Hammer Drill Rigs. Dedicated to Quality and Service ...

Complete Field Maintenance specialize in Surface Down the Hole Rigs and continue to supply a range of equipment and spare parts to suit Sandvik Drill Rigs, including Contour Rigs such as ...

Sandvik D75KX blasthole drill offers intelligent features and enhanced operator ergonomics, creating the right balance of reliability, comfort, technology and productivity. It is ideal for coal ...

The DML is a crawler-mounted, hydraulic tophead-drive rig that's suitable for a variety of multi-pass rotary and DTH drilling applications. It's designed specifically for production blasthole ...

The DM45/50 rotary blasthole drill rig along with their big brother, the DML, are some of the most popular drills in the world for good reason. All three models have proven themselves in almost ...

Sandvik D75KX blasthole drill offers intelligent features and enhanced operator ergonomics, creating the right balance of reliability, comfort, technology and ...

Whether you're dealing with challenging drilling conditions, looking for rig repair, or needing spare drilling tools, Rig Source is the trusted partner you can count ...

Good drilling practices include carefully monitoring drill-rig operating parameters, taking careful notes of the changes in geology during drilling, and effectively communicating to the blasting ...

Blast hole rotary drill rig parts

We sell spare parts for crushers, underground mining trucks, rock drills, drilling rigs, air compressors, and other equipment. Please send us the part number, picture of the machine or ...

Manufacturers of the Rotary Drilling Rig Machine. REL Specialized in Rotary Blast Hole Drill Rig, Down the Hole Drills for Mining, Quarrying & Construction.

The Drawworks is one of the most important components of the drilling rig (types of drilling rigs). The unit supplies the hoisting power, the drawworks spools the drilling line as ...
