

Boremaster zx-2000-h portable hydraulic drill rig

Does the boremaster water drilling machine pay for itself?

Because water is fast becoming a scarce commodity, water drilling is becoming the name of the game. The Boremaster Drilling machine has proved to be successful throughout South Africa, Mozambique, Namibia, Botswana and Zimbabwe. A case study has shown that the Boremaster Water Drilling Machine pays for itself after the 3rd hole drilled.

Why choose MachineTech for your water well drilling rigs?

MachineTech have been importing, manufacturing and exporting water well drilling rigs for over 10 years and offer a great range of top-drive hydraulic rotary rigs for borehole drilling.

What is a borehole machine?

The BOREMASTER borehole machine is one of the most versatile down hole drilling rigs you will come across. With water being such a vital commodity it's a great business opportunity.

What kind of drilling rigs does DeepRock manufacture?

DeepRock manufactures a full line of compact, powerful well drilling rigs. Rated for air or mud rotary drilling, our rigs are available with gas or diesel power and in truck, unitized single axle trailer, track or skid mount configurations. Geo-thermal drilling is one of the fastest growing segments of the market.

Which rigs are best for geo-thermal drilling?

Geo-thermal drilling is one of the fastest growing segments of the market. Our DR120 and DR150 rigs are ideally suited for geo-thermal applications and come with a wide variety of accessory choices to help with the most demanding jobs.

Who uses our borehole drill rigs?

We have already supplied hundreds of our borehole drill rigs to a wide range of customers around Africa including UN organisations, government bodies, NGOs, charities and private contractors.
