

Buggy drill rig

Can I design a seismic drill buggy?

You can design a seismic drill buggy for your specific jobs, the terrain you will be on, and the workload. Here at Wetland Equipment, we can make a variety of seismic drills, such as shot hole drilling or explosive drilling, plasma sound source or sparker rigs, seismic vibrator rigs, and boomer source rigs.

What types of drilling rigs does ARDCO offer?

Geophysical, geothermal and geotechnical drilling. Whatever the application, ARDCO has the drill rig of choice. Don't let water supply slow down your drilling operation. Keep water flowing to the jobsite with the ARDCO water tank. Never worry about refueling equipment again. The fuel tank model gets fuel where you need it -- when you need it.

Are wetland equipment seismic drill buggies worth the cost?

Wetland Equipment works closely with customers during the design and manufacturing process, so each seismic drill buggy is tailored to your exact needs. Because they are completely customizable, our seismic drill buggies are well worth the expense.

How much drill pipe does a rig use?

Rig: mounted on 4 wheel articulating buggy, powered by 240 hp Cummins diesel engine, sliding angle mast, drills vertical to 45°; can drill to 1,000', uses 10' drill pipe, 3-7/8" diameter, air side inlet, reverse circulation package, 4" hammer, 1000' of Matrix drill pipe x 10', has been used in Alaska to the US desert.

What is a Gefco 22 mini top head drill rig?

GEFCO 22 MINI TOP HEAD DRILL RIG (Ref#8633T) Manufactured 2000, 200 cfm air compressor, 3 x 4 Tibban mud pump, mounted on International truck with DT466 engine, top head needs rebuilding, main pump is leaking, transfer case is removed from rig, switch driveline to drill, needs outer cover for mud pump.

What is a Soilmec R515 rig?

o Piling Driving Accessories. SOILMEC R515 DRILLING RIG: manufactured 1997, mounted on Cat 330 base with expandable tracks (3,000mm-4,100mm), Cat 3306 TA diesel engine, 137kNm / 101,000# rotary torque (with original soilmec rotary head), telescoping kelly bar. All parts are there to convert it back to a piling rig.

All drilling and set-up controls are logically arranged on the control panel located at the drillers' station. And the location of all primary controls is the same on all CME drill models so ...

The Amphibious Marsh Buggy and other Marsh Master machinery and vehicles are specifically designed for navigating and managing wetland terrain.

The Project Gasbuggy team included experts from the Atomic Energy Commission, the U.S. Bureau of Mines,

Buggy drill rig

and El Paso Natural Gas Company. They sought a new, powerful method for ...

Terracon's Geotechnical engineers have the expertise to provide subsurface exploration services with the largest drilling fleet in the United States.

Learn about the BPH-200 Buggy Drill, a portable and lightweight drilling machine for urban projects. It can drill through various formations to depths of 200 feet ...

GEMCO BUGGY/ARDCO DRILL RIG #9947T used Manufacturer: Gemco 2 available, 4-1/2 x 5 Gardner Denver mud pumps, 453 Detroit diesel engines ...

Drill rigs and mineral exploration drilling equipment for CME rubber tire ATV, truck, track carrier, trailer and skid mounted geotechnical drilling rigs.

The CME-550X uses a single Cummins QSF 3.8L [229 cubic inch] 4 cylinder turbocharged and charge air cooled diesel engine to power both driving and ...

Spikes Rig Sales has a Hilyard Super Buggy Drilling Rig with Mud & Air Listed for Sale, SRS #4167. Call Spikes Rig Sales Toll Free at 888-204-3907 or 814-676-1963 for Price

The swamp drill rigs are mostly customized and designed for transit zone or swamp area. Different models of swamp drills are mounded on different chassis: different swamp buggy, ...

All Terrain Track - Dietrich 50 Capable of drilling holes with conventional and hollow stem auger to depths of 75 - 200 feet (pending auger diameter). L.A.D. - Limited Access Drill Track mounted ...

There are many Drilling options available today, ranging from heli-portable drills, hand drills, LIS track drills, and wheeled top drives with floater tires, and/or buggy mounted. The type of drills ...

ConeTec operates a large fleet of amphibious drilling, CPT, soft terrain and tailings access equipment. We can deploy our services in the softest & most difficult conditions, safely.

When your project involves wetlands, marshes or ponds, MATECO's Amphibious Marsh Master provides a solution that leaves a soft environmental footprint.

A powerful mechanical drill on a specifically designed rubber tire all-terrain carrier, the CME-550X is the ideal drilling rig for off-road boring sites.

The CME-750X gives you the versatility to tackle almost any job The CME-750X is a veteran of the drilling industry. In its first year of production in 1972, ten ...

Buggy drill rig

All drilling and set-up controls are logically arranged on the control panel located at the drillers" station. And the location of all primary controls is the same on all ...

Built 2018, set up for T51 tooling, 3" - 4-1/2" diameter x 84" depth, 283 cfm/152 psi air compressor, 16.5" folding boom with swing angle (10 degree L / 45 degreesR), lift angle 90 degrees up and ...

The SD350 drill is a tracked vehicle that can float and drill in water. It has a Caterpillar engine, a hydraulic drive system, a rotary assembly, a mud pump, a hole loader and a pipe rack.

Nevada Water Well Drilling: Our water well drilling services provide dependable and sustainable water solutions to meet the water needs of Nevada"s ...

ARDCO offers a range of amphibious units for drilling, hauling water, transporting equipment and more in wetlands. See the features and benefits of the SD350 ...

The Canterra Discoverer Jumbo Drill Style mast pivots to both sides of the buggy allowing the driller a 180-degree arc as well as vertical angle drilling directly behind the buggy. This ability ...

CME track drills 45C/300, 55/300, 55LC/300, 55LCX/300, 850X, 850XR are efficient auger, core, rotary rigs for geotechnical, environmental, mineral ...

Year: 0 Serial No: Ardco 1000 Buggy Drill Rig Assembled and ready to drill The engine is a detriot 4-53 Engine runs great, starts fast,no excess smoke no oil slobber

Quantity 1 Price Sold Description Ardco 1000 Buggy Drill Rig Assembled and ready to drill The engine is a detriot 4-53 Engine runs great, starts fast,no ...

StopeMate(TM) pneumatic production drill is extremely compact--small enough to be loaded into a lift cage, and capable of drilling 51mm to 76 mm holes.
