

Casagrande c6 drill rig specifications

The new Casagrande drill rig C6-2 has been de-signed and manufactured with increased stability and power to tackle the larger projects in the fi eld of foundation and is suited for constructing ...

Casagrande is a world-class manufacturer of foundation equipment. It designs and produces large diameter piling rigs, equipment for diaphragm walls, small diameter drilling rigs, machines for ...

Compact, strong and versatile, the C6 XP is capable to work on all fronts: anchoring, micro-poles, jet grouting: this machine really doesn't have any limits. Available in hydraulic and radio ...

The Casagrande C6XP-2 is a hydraulic drill rig ideal for the larger projects in the field of foundation and is suited for constructing anchors, micropiles and jet grouting treatments.

A multipurpose hydraulic drill rig designed for foundation drilling, offering exceptional performance, fuel efficiency, and reliability, even in confined ...

HYDRAULIC CRAWLER DRILL of small bore drilling rigs produced by Casa- grande, designed to tackle the larger project with qualities of robustness and versatility. The C8 XP is generally ...

Casagrande is a world-class manufacturer of foundation equipment. It designs and produces large diameter piling rigs, equipment for diaphragm walls, small ...

o The C6 model drilling rig manufactured by CASAGRANDE S.p.A. is designed for drilling in all types of terrain using either direct or reverse circulation drilling ...

Operators benefit from automation of drilling functions, making the rigs user-friendly with complete control of the drilling process. The display on board provides real-time drilling data progress ...

Rigs are powered by the latest generation Stage V diesel engine with reduced exhaust emissions and use of low sulfuric content fuels. Further reduction of CO2 emissions is achievable by ...

The Casagrande C6-2 is a hydraulic drill rig ideal for the larger projects in the fi eld of foundation and is suited for constructing anchors, micropiles and jet grouting treatments.

Precision in foundation work is crucial. Our piling rigs are outfitted with state-of-the-art electronic control systems, including integrated GPS, inclination ...

It designs and produces large diameter piling rigs, equipment for diaphragm walls, small diameter drilling rigs,

Casagrande c6 drill rig specifications

machines for tunnels, grouting plants and hydraulic crawler cranes.

TECHNICAL SPECIFICATIONS Height center of ring gears 530 ÷ 2090 mm 29.1 ÷ 84.2 in
Radius of horizontal drilling 2810 ÷ 3760 mm 111 ÷ 148 in Stroke single rotary head 4000 mm
158 in ...

Drilling rigs can be mobile equipment mounted on trucks, tracks or trailers, or more permanent land or marine-based structures (such as oil platforms, ...

The new Casagrande drill rig C6 XP-2 has been designed and manufactured with increased stability and power to tackle the larger projects in the field of foundation and is ...

At Casagrande, we provide piling rigs, crawler drills for micropiling, anchoring, and jet grouting, diaphragm wall equipment, and tunnel consolidation solutions - offering over 300 ...

It designs and produces large diameter piling rigs, equipment for diaphragm walls, small diameter drilling rigs, machines for tunnels, grouting plants and hydraulic ...

The Casagrande C6-2 is a hydraulic drill rig ideal for the larger projects in the field of foundation and is suited for constructing anchors, micropiles and jet grouting treatments.

Operators benefit from automation of drilling functions, making the rigs user-friendly with complete control of the drilling process. The display on board ...

Casagrande C6-2 is an hydraulic drill rig ideal for the larger foundation projects and is suited to constructing anchors, micropiles and jet grouting treatments.

The new Casagrande drill rig C6 XP-2 has been designed and manufactured with increased stability and power to tackle the larger projects in the field of foundation and is suited for ...
