Who is screw compressor technologies?

Screw Compressor Technologies (SCT) located in Buffalo, New York has been in the air end rebuilding business since 1980. SCT will rebuild and restore any air and gas compressing unit to their Original Equipment Manufacturer (OEM) specifications.

Why should you choose Chicago pneumatic screw compressors?

When you require a constant demand for air, Chicago Pneumatic screw compressors provide the perfect solution. By using a rotary screw element, the air is compressed in a stable flow efficiently. Our screw compressors will provide you with a compact, reliable and energy efficient solution. There are two types of screw compressors available to you:

What is a variable speed screw compressor?

Our variable speed drive screw compressors help to minimize energy consumption by automatically adjusting speed to air demand. Whereas the fixed speed drive screw compressors are useful when you are in need of a constant air flow. Both provide a reliable source of compressed air and available in a range of sizes to suit your needs.

What are the different types of screw compressors?

There are two types of screw compressors available to you: Our variable speed drive screw compressor helps to minimize energy consumption by automatically adjusting speed to air demand. Whereas the fixed speed drive screw compressors are useful when you are in need of a constant air flow.
