What are Bauer original drilling tool wear parts?

Bauer original drilling tool wear parts were developed in active use, and for active use. They are characterized by top quality, carbide inserts with the highest manufacturing quality, a simplified (and thus time-saving) tooth changeover and enhanced stability thanks to perfected mount shape.

Does Bauer offer a changeover tool?

In addition, we offer you the matching changeover tool for every Bauer original wear part. As reliable as new parts: For some of our spare parts, it is possible to acquire overhauled parts at more economical conditions instead of new parts. When offering new parts, we would also be happy to offer you the more economical alternatives.

How do I ensure optimal performance with my Bauer equipment?

To achieve optimal performance with your Bauer equipment for as long as possible, we put together individual spare parts and maintenance packages for you. Maintenance packages include all standard components for carrying out the required regular maintenance intervals.
