

## China face drilling rig for sale

What is a face drilling rig?

Face drilling rigs, commonly called "drill jumbo's", are large, single or multi-boom machines used in underground hard-rock mines. Booms typically have six control axes to position and orient the boom tip at the rock face, to drill long holes for blasting which follow the trajectory of the ore body.

Who is the largest drilling rig manufacturer in China?

It is the biggest exporter of drilling rigs in China, and one of the largest land drilling rig manufacturers in the world. Launched its IPO in March 2008, Honghua (HKEx 0196) became the first drilling rig manufacturer of China to go public.
