

## Citadel drilling rig 5

What is a citadel drilling rig?

Citadel was formed to address the ongoing needs of oil and gas producers in Canada and the USA that require safe, programmable and more efficient drilling rigs with high pressure and increased horsepower and pumping capacity to fully optimize their drilling programs. But before designing our rigs, we discussed improvements with potential clients.

Who is Citadel drilling?

Headquartered in Calgary, with our operations centres in Odessa, Texas and Leduc, Alberta, Citadel Drilling is service-focused and caters to our clients' needs with a fleet of modern, technically advanced AC triple (TA&#178;CT) rigs designed to optimize efficiencies and reduce expensive downtime and labor costs.

How many rigs does citadel have?

Citadel is a relatively small company with sixdrilling rigs. However,its rigs are considered to be among the most technically advanced in the industry. The best pieces of equipment seem to be the first to leave Canada.

Will Citadel drilling move rigs back to Western Canada?

WATCH: Citadel Drilling CEO Dan Hoffarth on what it would take to move rigs back to Western Canada. Citadel Drilling is headquartered in Calgary, but has moved all of its rigs to the U.S. Precision Drilling, one of Canada's largest drilling companies, has about 50 rigs working in Canada, compared to 65 in the U.S.
