

Cme 550 drill rig for sale

What is the serial number for a CME 550X drill rig?

Serial Number: 397463 is for this CME 550X DRILL RIG listed for auction on MachineryTrader.com. Other details include a 4x4 vehicle, a Cummins diesel engine, and a canopy. The hour meter reading is 3,150.

What is the difference between CME 55 & CME 75 drill rigs?

The CME 55 can be mounted to various styles of trucks or crawler carriers and can be offered under different name variances based on the selected mount such as CME 550 or CME 550X. The CME 75 drill rig is one of CME's larger drill rigs. This unit is known for conquering larger jobs requiring deeper drilling depths or bigger augers.

Which CME drill rig models are available at Rig source?

Below are a few of the common CME drill rig models frequently available at Rig Source, including their estimated performance ratings and specifications: The CME 45 drill is the smallest CME drill model and weighs less than 26,000 lbs., which does not require special permitting for transport.

Do you sell & rent CME drill rigs?

We Sell & Rent a variety of cme drill rigs to meet your needs! Central Mine Equipment Company (CME) offers competitive geotechnical and environmental drill rigs that uphold a strong reputation for being powerful, dependable, and versatile.

How many rods can a cme-550x pull?

When equipped with three hoists, the CME-550X can pull 60 feet [18.3 m] of rods without having to lay any down on the ground or on the deck. You get the torque you need for auger drilling as well as rotation speed of 690 rpm for rotary or core drilling applications.

Can a CME 45 drill rig fit a skid mount?

This particular model can accommodate both truck or track skid mounts for increased versatility. Over the years, CME has adjusted the design and updated the drive systems of the 45 drills to improve end-user operation so various versions of the CME 45 drill rig will surface, including the CME-45B and CME-45C.
