

Cme 95 drill rig

What is a CME drill rig?

Central Mine Equipment Company(CME) offers competitive geotechnical and environmental drill rigs that uphold a strong reputation for being powerful,dependable,and versatile. They are mounted on trucks,all-terrain rubber-tire carriers,track carriers with steel grousers or rubber cleats,or on skids or trailers.

What is the difference between CME 55 & CME 75 drill rigs?

The CME 55 can be mounted to various styles of trucks or crawler carriers and can be offered under different name variances based on the selected mount such as CME 550 or CME 550X. The CME 75 drill rig is one of CME's larger drill rigs. This unit is known for conquering larger jobs requiring deeper drilling depths or bigger augers.

Can a CME 45 drill rig fit a skid mount?

This particular model can accommodate both truck or track skid mountsfor increased versatility. Over the years,CME has adjusted the design and updated the drive systems of the 45 drills to improve end-user operation so various versions of the CME 45 drill rig will surface,including the CME-45B and CME-45C.

22,900 foot pounds of rotary torque, 48,000 pounds of retract...and designed from the ground up to handle the power with ease. The CME-85 is going to be ...

Don't let its small size fool you. The CME 75 Limited Access Rig is compact but powerful. This rig is designed for working with cramped spaces with its low clearance and tight access.

The largest rigs in our hollow stem auger fleet are the CME 95s. With over 31,000 foot-pounds of torque and four forward gears, there's a rotation speed and torque combination for just about ...

Smeal Manufacturing is a pioneer in the production of water well servicing equipment. The Smeal 5T consists of a 36 ft. high telescoping mast with 11 ft. maximum layback and 12,000 lbs. ...

The CME-95 drill platform is heavy duty just like the drill, and designed to fit most tandem axle trucks. Two hydraulic leveling jacks are included at the rear of the ...

This 2004 CME 750X all-terrain drilling rig has 50" mud/snow tires, 4WD, 26" mast height, 220-g water tank, new paint, QD mast, hyd rod holder, and more.

Tools/Options: CME 95: Rig SOLD has 7,222.6 Hours, 250 HP Deck Engine, Slide Base & Wag Tail, Hydraulic Break-out Wrench & Rod Jaws, Drillers Platform, Hydraulic Chuck, Fluted Kelly ...

CME-95Equip the CME-95 with a string of CME extra-heavy-duty augers andyou've got the ultimate

Cme 95 drill rig

combination for really big drilling jobs. No other drill ...

Control logic -- the key to operator productivity All drilling and set-up controls are logically arranged on the control panel located at the drillers" station. And the ...

CME center hexagon drive system can save you time and money if drilling operations include large diameter auger jobs or if drilling in difficult formations.

Ever wonder why you see so many CME-75 drills out there in the field? It's really quite simple. With over 45 years of field experience, the CME-75 has earned a ...

Sun Machinery is the place for contractors to buy and sell rigs and vessels and related equipment. Our database contains thousands of used equipment for sale, which are presented and ...

At Advanced Drilling, Inc. in Hunterdon County, NJ, we have all the heavy environmental drilling equipment you need to ensure successful project ...

The Central Mining Equipment (CME) 95 drill rig is the flagship rig of BC2 Environmental"s fleet. One of the most powerful truck-mounted drill rigs ...

Discover ABC Liovin Drilling"s latest drilling rigs and technologies, including the CME 95HT and TERRA SONIC 150T, for advanced geotechnical and sonic drilling solutions.

The CME 95 has plenty of retract power for pulling heavy strings of augers. And the vertical drive 75 inch (190 cm) stroke hydraulic drive system uses twin ...

Whether it"s a large diameter auger hole, or a deep rotary job, no other rig is going to get it done faster or more efficiently than the CME-95. Day after day... year after year.

55 feet (16.2 m) per minute Stroke 72 inch (183 cm) 55 Features | 55 Specifications | 55 Optional Equipment Performance ratings are based on engineering specifications, calculations and ...

Fluted kelly and chuck assembly+ If your drilling operations include a substantial amount of rotary or core drilling, the CME fluted kelly and chuck assembly can ...

55 feet (16.2 m) per minute Stroke 72 inch (183 cm) 55 Features | 55 Specifications | 55 Optional Equipment Performance ratings are based on ...

Drillers seeking a small footprint, but big direct push drill rig power, choose the 6011DT to efficiently track into tight spots or through tough terrain. Easily ...

Cme 95 drill rig

The CME-85 has plenty of retract power for pulling heavy strings of augers. Twin 75 inch (190 cm) stroke, hydraulic vertical drive cylinders are aligned with the ...
