

## Comacchio drill rigs italy

The MC 22A is the new MC 22 drill rig version featuring the innovative hydraulic rod & casing carousel. The machine is completely remote controlled, thanks to ...

Comacchio MC 1200 drilling rig sale advertisement from Italy Year of manufacture: 2010 Running hours: 9800 h BK44319 Machineryline

The Comacchio range of geotechnical and geo-environmental site investigations equipment includes four truck mounted drilling rig models, that can be used for conventional and wire line ...

The GEO 900 was conceived as a mid-size hydraulic drilling rig for geotechnical works. This rig incorporates a particularly flexible design and accommodates ...

The Comacchio MC-28D is a versatile drilling rig designed for micropiles and anchors construction, boasting a reinforced undercarriage and adaptable mast ar ...

Hammer & Steel sell and leases Comacchio MC 14 drilling rigs for projects including ground consolidation, geotechnical work, and anchor drilling.

Hydraulic crawler mounted drilling rigs, with a pull up capacity ranging from 7 to 20 tonnes, configured for rotary drilling with single-head systems, able to meet the different requirements ...

The Comacchio MC-28D is a versatile drilling rig designed for micropiles and anchors construction, boasting a reinforced undercarriage and adaptable mast ...

The MC 22 is the flagship drilling rig in the Comacchio range. Introduced in 1997, the MC 22 was the first drilling rig equipped with the innovative Comacchio mast articulation system.

foundations & ground improvement Microdrilling geotechnics & exploration Geotechnics geotechnics & exploration Exploration water well & geothermal Multipurpose drill rigs water ...

The Comacchio MC-E line has been designed to satisfy the specific request to operate in restricted access working spaces, where particular soil configuration, bearing capacity and ...

Comacchio MC E-60 Attachments The MC-E line is designed to satisfy the needs of operators working in restricted or confined areas, where certain soil conditions, bearing capacity ...

Truck Mounted Drill Rigs Hydraulic truck mounted drilling rigs, providing up to 15 tonnes pull up capacity,

## Comacchio drill rigs italy

ideally suited for geo-environmental and geotechnical ...

The result is the great versatility in the use of these drilling rigs: our fully articulated rigs cover the entire spectrum of geotechnical engineering applications (micropiles, anchors, tie rods, soil ...

Since 1986, Comacchio has specialized in the design and manufacture of hydraulic drill rigs for a wide range of applications in the field of ground engineering, geotechnics, mining exploration, ...

Hydraulic crawler mounted drilling rigs, with a pull up capacity ranging from 10 to 50 tonnes, configured for rotary drilling with single-head systems, designed ...

Roll-off system The MC 8D is a versatile and powerful hydraulic drilling rig, designed for civil engineering works such as micropiles, anchors and ground ...

The Comacchio CX line of exploration drilling rigs includes four truck-mounted rigs that range from lightweight compact units installable on small 4x4 trucks, ...

Crawler and truck mounted hydraulic drilling rigs with a pull up capacity ranging from 10 to 30 tonnes, designed and optimized for the construction of water and geothermal wells with the ...

COMACCHIO, a world-renowned designer and manufacturer of drilling rigs, celebrated for its innovative spirit and commitment to excellence. Founded in 1986 and still family-run, ...

Comacchio is an Italian drill rig manufacturer offering the most comprehensive product range in the industry, covering the full spectrum of drilling activities, including foundations, geotechnics, ...

Comacchio drilling rigs are broadly used in geotechnical engineering for the installation of micropiles. The Comacchio range includes a wide choice of models, featuring a rigid and ...

Hydraulic crawler mounted drilling rigs, with a pull up capacity ranging from 7 to 20 tonnes, configured for rotary drilling with single-head systems, able to meet ...

The hallmark of our drilling rigs is the great variety of mast positions and inclinations that they are capable to perform thanks to the Comacchio patented articulation system.

The Comacchio drilling rigs can be configured for single, double and triple fluid jet grouting, satisfying the most varied needs. Our offering ranges from compact models sized to work ...

Thanks to the experience gained in the field alongside our customers around the world, Comacchio has developed a series of accessories and ancillary ...
