

Crawler drill rig south africa

What is a crawler drill rig?

All the crawler drill rigs are known to be compact, strong, and versatile. Crawler drill rigs are capable of drilling through most strata, delivering high penetration rates and reliable performance for hard rock drilling. Crawler rigs can be powered either by diesel or a hydraulic system, and they're favored for their flexibility and versatility.

Who makes drilling rigs in Africa?

Drilling Rigs Bohrmeister designs, manufactures and supplies custom hydraulic drilling rigs in Africa! NEED A RIG? Crawler Carriers We manufacture rod carriers, compressor carriers, personnel carriers, and more! OUR CARRIERS Rod Handlers Our 'hands free' rod handlers are African drilling industry favourites!

Which drill rigs are best for African mining?

With the choice of the powerful and reliable Korean JET or Japanese YAMAMOTO Drifters, we can offer our customers high productivity and efficiency. These are no-nonsense Drill Rigs specifically manufactured for our African mining conditions, with excellent parts availability and after-sales service.

What drilling rigs do you use?

Our common drilling rigs are the 310RC, 510RC and 620RC units. They are built to handle either 3m, 5m or 6m long Drilling Rods. They have a pullback force of 10 ton or 20 ton with the hold back feature as standard. We mount these units on trailers, trucks or crawler tracks depending on the requirement.

Who makes a drill rig?

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include auger and down-the-hole rigs. Typically these are mounted onto either trucks, tractors or crawler tracks, but we have successfully supplied customised rigs for many applications.
