

Deep rock drill rig for sale

What kind of drilling rigs does DeepRock manufacture?

DeepRock manufactures a full line of compact, powerful well drilling rigs. Rated for air or mud rotary drilling, our rigs are available with gas or diesel power and in truck, unitized single axle trailer, track or skid mount configurations. Geo-thermal drilling is one of the fastest growing segments of the market.

Where can I buy a used drill rig?

o Piling Driving Accessories. Sun Machinery is the place for contractors to buy and sell rigs and vessels and related equipment. Our database contains thousands of used equipment for sale, which are presented and continuously updated. Wanted!!! Your surplus drill rigs, related components, or vessels.

How deep can a flexiroc drill rig be used?

It supports hole diameters of between 5 and 10.7 in (127 and 272 mm) and can produce a maximum hole depth of 88.6 ft (27 m). Another example is the Atlas Copco FlexiROC T20 R drill rig, which is now sold under the Epiroc brand. This model travels on wheels instead of tracks and can be used for both surface and underground drilling applications.

How deep can a rig Drill a hole?

Some models can drill holes in excess of 60 feet (18.3 meters) deep in a single pass, but maximum depth ultimately depends on the size of the mast and the rig as well as the length of the drill string. There are some rotary drills, for example, that can dig to almost 20,000 ft (6,100 m) below the surface in multiple passes.

What is a DeepRock Auger rig used for?

DeepRock manufactures commercial auger rigs for geo-technical applications such as pollution and contamination work, environmental and soil sampling, monitor wells, sink-hole investigation and highway construction.. Hydra-Drills have been the standard by which all portable drilling rigs has been judged since 1962.

Is it worth buying a drill rig?

Owning a drill rig can be a significant investment, but we make it worth it at Rig Source. Used drilling equipment can often be just as reliable as brand new rigs and can be great candidates for a rebuild, depending on their condition. Auger drilling rigs are essential tools in various industries.
