

Desco drilling rigs

Lean Startup Life discusses maximizing productivity in geothermal drilling with GTD Desco's GT series rigs when you want to drill faster and smarter.

STANDARD / OPTIONAL STANDARD OPTIONAL OPTIONAL REQUEST Drill head ... Notice As your optional list, engine, hyd. system, crawler and so on can be changed and design of drill ...

Desco is the leader in developing new technology for water well drill rigs Desco has one of best model in developing new technology for surface diamond core in the world Reverse Circulation ...

From our flagship Double-Head rig, featuring a Cummins X12 engine, to our smallest compact rig with Doosan power. All models are versatile machines, with full capability for Mud, Air or DTH ...

The powerful multi-purpose drill rig up to RC 4" - 500M or HQ-1300M depth for exploration drilling (RC & Diamond). SP7000SA-RC surface RC & coring drill rig is an advanced edition to the SP ...

The success of our rigs within our family's geothermal drilling business, combined with the unprecedented global demand for geothermal drilling rigs, served as the catalyst for us to ...

DESCO manufactures a complete line of premium drill rigs that offer superior performance in some of the world's most difficult drilling environments. We understand your drilling problems ...

The best performing mid-range drill rig up to 300M depth for water well & geothermal. Strong enough with compact size enables performance in most drilling job sites SP5500 features a ...

The best entry-level premium exploration drill rig up to NQ-300M depth for exploration diamond drilling. SP3500SA surface coring drill rig is an advanced edition to the SP-SA series featuring ...

The GT series drill rigs are proven for their high productivity in Geothermal and Water Well drilling in both domestic and commercial use. From our flagship Double-Head rig, featuring a ...

Advanced air flow system & piston feature make faster penetration and provide longer service life More cutting power and faster rates with heat treatment and tightly controlled machining ...

DESCO INC. was established to design and build full-hydraulic, long-stroke, top-head drive drill rigs in 1988. We manufacture a complete line of water well drill rigs, exploration drill rigs, multi ...

The 2010 Desco 4500SD is a track-based drill rig capable of Direct Push Probe (DPP) wireline coring, rotary

Desco drilling rigs

mud flush, and auger drilling techniques. Featuring a L09 Bean pump and high ...

The 2010 Desco 4500SD is a track-based drill rig capable of Direct Push Probe (DPP) wireline coring, rotary mud flush, and auger drilling techniques. ...

The horizontal directional drill rig DS6500HDD is a simple and technically developed device. The hydraulic power rotary head are smoothly driven by hyd. cylinder feed-system The pull back ...

DESCO DRILLING RIGS AUSTRALIA PTY LTD (Entity# 141590785) is a business entity registered with Australian Securities and Investments Commission (ASIC). The business ...

radio remote safely positions the driller away from the rig during traveling SP4500 for waterwell & geothermal drilling Design for drilling up to 300M with dia. 4" and up to dia. 8" Percussion ...

GTD desco is the only global specialist manufacturer entirely dedicated to Geothermal Drilling Equipment & Supplies. Our equipment is renowned for record-breaking productivity, safety, ...
