

## Ditch witch rockmaster

What is a Ditch Witch directional drill?

AT40 All Terrain directional drill is designed with an advanced version of the proven Ditch Witch All Terrain drilling system. The updated, two-pipe system offers boosted power to the bit--33 percent more torque than competitive units. Patented design enhancements increase cycle times, improve durability and allow for more adaptable steering.

What is a rockmaster at housing?

The RockMaster AT housings feature a more robust bearing design, a higher-strength door, easy serviceability and high flow capacity. And as with all Ditch Witch equipment, they're manufactured with the quality you expect, so you take on any job with confidence. And a whole lot of power.

What is a rockmaster all terrain housing?

And a whole lot of power. RockMaster All Terrain housings are the only housings designed and manufactured to provide superior performance with the All Terrain technology, which allows you to steer while drilling and are designed with a 2° offset for responsive steering.

What are rockmaster HD backreamers?

The Rockmaster HD backreamers are also armed with a premium-sealed journal bearing, further improving the tooling longevity. Designed with standard API thread connections, the new backreamers utilize high fluid-flow capabilities to meet market standards for easy integration with other HDD models on the market.
