

The KG726III/KG726HIII down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai engine, the ...

Down the hole drill rig, also known as DTH drilling machine, is applied in mining, engineering, quarrying, geotechnical investigations, etc.

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...

In mining, tunneling, and geotechnical engineering, down-the-hole drills are core equipment, and their operating efficiency and stability are directly related to project progress ...

The small down the hole drilling rig offers hybrid motor-air performance, designed for efficient rock drilling in tight or steep areas. [Click!](#)

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of compressed air and driven into the ...

**Key benefits** Highly efficient drilling The Pit Viper 271 is one of the most productive drills available for rotary tricone and down-the-hole drilling of 6-3/4 in to 10-5/8 in (171 mm to 270 mm) ...

CENTER ROCK products boast a formidable range of down-the-hole (DTH) hammers, presenting a suite of drills and downhole bits spanning 3.5"- 48" ...

A down-the-hole drill, usually called DTH by most professionals, is basically a jackhammer screwed on the bottom of a drill string. The fast hammer action breaks hard rock into small ...

**Drill Rods** With a vast selection range of sizes, thread types, and applications, Apex Drill Rods will fulfill all your project requirements.

We offer a complete range of down-the-hole products including hammers, bits, pipes, adapters and breakout benches. [Read more and contact us here!](#)

**Common Drill Rod Sizes for DTH Drilling.** Outer Diameter: 76mm, 89mm, 102mm, 114mm, 127mm,

## Down-the-hole drill rig folding rod

140mm, 152mm. Selection of length depends ...

It operates seamlessly with the drill rig, channeling the air or fluid down through the drill string. The down hole hammer then transforms this energy into a ...

SmartROC D65 DTH surface drill rig for quarrying and mining SmartROC D65 hole diameter: 110-229 mm (4.3-9&quot;) f Intelligent, Discover more about the SmartROC D65. automated and ...

SmartROC D65 DTH surface drill rig for quarrying and mining SmartROC D65 hole diameter: 110-229 mm (4.3-9&quot;) f Intelligent, Discover more about the ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

The KG520/KG520H down the hole drill rig is designed for large and medium-sized quarries and contractors. The drill rig features a folding frame track and four wheel drive. The track leveling ...

DrillMore manufactures a complete range of drill rods/drill tubes/drill pipes for DTH drilling, with several different thickness designs for each diameter, made ...

The new efficient SmartROC D60 consistently delivers high-quality blast holes with accuracy and precision. It is loaded with smart features such as automated drilling and rod handling. The ...

Down-the-Hole refers to where the hammer action occurs when compared to drifter hammers, which hammer on top of the drill string. The DTH hammer piston always makes direct contact ...

Intelligent, automated and future-proof The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Give your operation the chance to profit from the ...

Down The Hole (DTH) Drill Rods available in various threads, lengths, and diameters. Speak to our drilling experts for the perfect DTH rods for your rig. ...

Explore the various types of drill rods and their key differences. This guide covers water well, mining, exploration, and directional drilling rods, ...

Discover the power of down the hole drilling technology featuring superior performance in hard rock, enhanced accuracy, and advanced automation capabilities for efficient and precise ...

The KG420/KG420H drill rig is a hydraulic, diesel powered, self-propelled down the hole rig, designed for open use drilling operations. Equipped with a Yuchai four-cylinder engine, the drill ...

## Down-the-hole drill rig folding rod

Reverse Circulation drilling utilizes dual wall drill rods made up of an outer rod and an inner tube. The inner tube is designed to provide a continuous path for the drill cutting to pass from the bit ...
