

Down-the-hole hydraulic drill rig rental

Why should you rent a drilling rig?

In the dynamic drilling industry, there is nothing more important than high-quality equipment rentals. Drill rig rentals not only provide flexibility but also ensure that drilling contractors are getting the latest and best equipment without the complexities of owning a rig.

Where can I rent a drill rig?

Rig-Rents offers Bay Shore Systems drill rigs, piling equipment, and tooling for rent nationwide.

What kind of drilling rigs does hammer & steel offer?

Hammer & Steel offers daily, weekly, and monthly rentals of many respected lines of deep foundation drilling rigs such as rugged and dependable drill rigs. These drill rigs are ideal for applications including pile foundation drilling, dwell drilling, and ground release drilling, among others.

Do you offer low overhead drill rigs?

We offer low overhead models for limited access drilling, Kelly bar extensions, and rubber pads or steel tracks on all drill rigs. We understand the importance of efficient and safe operations. Every piece of equipment undergoes meticulous maintenance to ensure optimal performance on your next drilling project.

What is a core drill rig?

A core drill rig is a specialized piece of equipment for core sampling. They allow professional drillers to extract a piece of the ground by drilling cylindrical holes in the surface, simplifying the drilling process and eliminating the need for purchasing specialty equipment.

Where can I rent a Geoprobe rig?

Geoprobe® Rig Rentals are available for daily rentals, weekly rentals, monthly rentals and long term rentals. Pick up at our Hamilton, NJ location or we can deliver to your shop or jobsite. Trailer rentals also available. Our on staff licensed well drillers have extensive Geoprobe® operating experience.
