

Drillcat drilling rig

How do I use rigcat?

RigCAT is a rig control that was developed specifically for fldigi. It uses command / response definitions that are found in various files. You can use a rig.xml file specific for your transceiver or write and test one yourself. The easiest way is to adapt an existing rig xml file for a rig that is similar to your own.

What is wildcat drilling?

Wildcat drilling is a form of exploratory drilling in the oil & gas exploration and production process that seeks to exploit unproven or high-risk areas. A wildcat driller may alternatively seek to return to existing or older wells that are no longer profitable or useful for larger oil companies.

Is renting a drill rig worth it?

Renting a \$10,000.00 drill rig for 3 days costs 650.00, while renting a \$100,000.00 home for a month costs 650 bucks. This means that renting a drill rig is a better investment with a quicker return, as people are getting their investment back in days, not years, like a 30-year mortgage.

What is a cat rotary blasthole drill?

Building on the solid legacy of proven designs, today's Cat® Rotary Blasthole Drills offers substantial technology, efficiency and productivity improvements to efficiently reach your targeted productivity rates.

Is there a rental rig available in your state?

Not every state has a rental rig. If you would like to be a (rig rental dealer) in your state, or you may consider buying a quality drilling rig from someone to rent out to others, let us know.

Is it legal to drill on my own land?

It is legal to drill on your own land, or land you have leased in all 50 states, with some exceptions. These exceptions include certain water districts, water authority areas, and city limits of certain cities. Please check your local laws and permit requirements, and your water rights before drilling.

A: Drilling rock with any rig, even large million dollar truck rigs is slower than drilling soft formations. To drill hard rock, you need a better swivel and better drill pipe and better bits.

We can find that drilling rig, diesel compressor, excavator, wheel loader or dozer you need. We also do on site inspections of equipment to make sure engines are in good shape, check to ...

Just do the math, a \$100,000.00 home only rents for 650 bucks per month, yet a \$10,000.00 drill rig will rent for 650.00 per DAY, 3 day minim and only 1 job per month is 3 times better ...
