

Drilling rig contractors

What is the oil and gas drilling rig industry?

The oil and gas drilling rig industry encompasses a variety of companies dedicated to extracting raw energy resources from beneath the Earth's surface. These entities employ advanced technology and rigorous safety protocols to operate in challenging environments, ranging from offshore deep sea to harsh desert terrains.

Where are drilling rigs made?

Most new onshore rigs, both drilling and work over rigs, are built by OEMs in China. In the US, the larger vertically integrated land drillers have in-house manufacturing operations, so they will outsource some equipment construction, but assemble the new rigs at their own facilities.
