

Drilling rig reports

What information is included in a rig report?

Each entry includes lease and well number, county, legal description, location, field, proposed depth and type of well. Our up-to-date listing of drilling activity delivers timely, accurate, and complete information. Use our online features for customized reports. Our Rig Reports Database is progressively updated daily and completed each Thursday.

What is the Daily rig count?

The Enverus Drillinginfo Daily Rig Count is the most accurate and up to date rig count in the energy industry! 0% change from previous week. Last updated 2025-08-28. Enverus revolutionized the rig count process by tracking more than 95 percent of the U.S. rig fleet on a daily basis, primarily through the use of GPS units.

When will the International rig count be released?

Starting in February 2020, the international rig count will be released on the last working day of the first week of the month. The Baker Hughes Rig Counts are an important business barometer for the drilling industry and its suppliers. When drilling rigs are active they consume products and services produced by the oil service industry.

How often are rig reports updated?

Our Rig Reports Database is progressively updated daily and completed each Thursday. Search and customize reports by county, operator, API, contractor and location. You have full access to current Rig Counts broken down by County & State and you can download Rig Reports from Archive (archived from 2007)

Where can I get a weekly rig report?

Granbury, Texas 76048. As an industry leader in rig data, our Weekly Rig Report is delivered to you each Thursday by email for your selected area of coverage. Our drilling permits issued by each state and federal authority are updated within 24 hours of when approved by the regulatory agency.

How many rigs are there in the US?

The U.S. rig count reached 657 during the week ended Jan. 3, down 15 rigs from the previous week's high point, according to Enverus Foundations data. The count is down 18 rigs, or 3%, in the last month and down 204 rigs, or 24%, YOY. All numbers discussed are weekly peaks to avoid the sometimes wide variability of daily numbers.
