ZJ70/4500D rig is driven with 4 sets of CAT3512 diesel generating sets. 0~750V DC transduced from 50Hz AC by SCR system drive the YZ08/YZ08A DC motors connected with 2000hp ...

As a fully vertical integrated systems provider, Bentec offers a unique combination of resources. This, together with our industry experience and expertise, enables us to deliver customer ...

Our acquired technical expertise and extended & solution specific manufacturing facilities are used in providing complete turnkey SCR packages and solutions for drilling rigs and platforms.

Electrical drilling AC VFD systems are modern technology and highly effective in helping drilling operations fully optimize the power distribution of their rigs. ...

Every Drilling Rig must have a Power Control Room - sometimes also known as an SCR (standing for Silicon Controlled Rectifier) System - which forms the functional heart of the ...

ACS SCR Systems incorporate precise digital control and can be conveniently packaged for both land and offshore applications. Standard SCR System ...

Electric drilling rigs use electric generators powered by diesel engines to generate electricity to power rig equipment like the rotary table, mud pumps, and ...

Every Drilling Rig - offshore or land-based - will have a Power Control Room (PCR) on it - sometimes also known as an SCR (standing for Silicon ...

Another system widely installed among offshore drilling units is the SCR system, which reduces NOx emissions by a whopping 95% on average. ...

Among the many technologies used in this field, the Silicon Controlled Rectifier (SCR) system stands out as a cornerstone of oilfield power management. An ...

The main rig movers are diesel engine driven AC generators with enough power for operating the rig. The power drive system available in SCR (AC-SCR-DC) or VFD (variable Frequency ...

Thyristors or Silicon controlled rectifiers (SCRs) have been used for some years for the simple speed control of DC motors, particularly for offshore drilling equipment.

If the drilling system is of the same operating frequency as the rest of the platform, then an interconnector of

some kind between the systems is mutually beneficial, provided there is no ...

Circulation pressures may differ considerably when using a different equipment hook-up (e.g. circulating head/ chucks vs. kelly or top ...

Slow Circulating Rates (SCRs) refer to the use of slow pump rates during circulation to manage wellbore pressure, especially during situations where there is a need to ...

Brand new 2000 hp SCR land rig available for sale. Robust and field-proven design. Complete DC rig package including top drive, solid control & and well control systems. In stock and ships ...

Welcome to our Channel Oil and Gas Information. Difference between SCR and VFD Rig | Oil and Gas In this video you will get information about the difference between scr and vfd drilling ...

A recent upgrade carried out during a rig move for a 2,000-horsepower class rig working in Saudi Arabia demonstrates how a field- retrofit solution makes it possible to quickly ...

SCR & VFD Drive control electric system parts drilling rig |oil field main provides,ZJ50DB, ZJ40DB,ZJ70D,ZJ70DB, top drive,drawwork,mud ...

The Difference Between Direct Current and Alternating Current Drilling Rig Electric Drive System May 24, 2016 Petroleum electric control system is generally divided into two categories,one is ...

The company's extensive capabilities include rigs, drilling equipment, electric power systems, SCR or AC variable speed systems, and advanced instrumentation.

On a DC drilling rig, alternate current (AC) produced by one or more AC generator sets is converted into direct current (DC) by means of a silicon ...

Drilling rig PLC control cabin Generator grid ark 3512 b APF unit & SVG element ZJ50D drilling rig Dc speed regulation drive dril ZJ50JD System Configuration ...

General Electric SCR system is designed to meet the DC electrical drive requirements for an electric drilling rig that will utilize 3 phase, 60 Hertz, 600 volt electrical power source.

Brand new 2000 hp SCR land rig available for sale. Robust and field-proven design. Complete DC rig package including top drive, solid control & and well ...
