

Drilling rigs companies

What is an offshore rig company?

An offshore rig company, also known as an offshore drilling business, is a specialized business that provides offshore oil and gas production services. These companies operate, manage, and maintain offshore drilling rigs, platforms, and associated equipment in oceans or seas.

Who is the best offshore oil rig company?

Valaris, with the largest fleet of offshore oil rigs, continues to lead in the offshore drilling sector. The company's extensive operational experience and focus on technology and innovation have made it a top choice for comprehensive drilling services across multiple regions. Maersk Drilling is known for its commitment to safety and innovation.

Where can I find the best offshore drilling companies for free?

Find the right companies for free by entering your custom query! Diamond Offshore is a leader in offshore drilling, providing contract drilling services with a fleet of 12 rigs, including eight semisubmersibles and four drillships.

Where are drilling rigs made?

Most new onshore rigs, both drilling and work over rigs, are built by OEMs in China. In the US, the larger vertically integrated land drillers have in-house manufacturing operations, so they will outsource some equipment construction, but assemble the new rigs at their own facilities.

How much money does offshore oil rig manufacturing make?

The revenue of offshore oil rig manufacturing is estimated to grow in the next few years. In 2024, the offshore drilling rigs market was valued at \$78.27 billion, and by 2034, it is expected to touch \$166.09 billion.
