

Engineering drilling rig gxy 1

Video Technical Parameters Fundamental parameters Max. Drilling Depth 100m Diameter of the initial hole 110mm Diameter of the final hole 75mm Diameter ...

XY-1A is a hydraulic feed portable drilling rig, including mobile type, pump type, mobile type with pump and other series products. It is suitable for engineering geological survey of industrial ...

High quality Xy-1 Hydraulic 100m Engineering Drilling Rig Rock Geological Exploration from China, China's leading product market 100m engineering drilling rig product, with strict quality ...

High quality Small Portable One Hundred Meters Engineering Drilling Rig For Construction XY-1 from China, China's leading hydraulic crawler drilling rig product, with strict quality control ...

Gxy-1 drilling rig is a vertical shaft portable drilling rig produced according to the needs of users. It is suitable for engineering geological exploration, general survey of solid ore deposits, blasting ...

XY-1 is a portable and multi-purpose drilling rig for engineering investigation It is mainly used for the general survey and engineering geological investigation of solid deposits, and various ...

XY-1 drilling rig is a small portable drilling rig with 100 meters depth, 100mm hole diameter, It is suitable for drilling in reconnaissance, geophysical exploration, road and building exploration, ...

Core drilling rig is a kind of drilling rig suitable for construction in the environment of large cutting in mountainous terrain or in forest areas. It has the characteristics of modular design, easy ...

GXY-1 is a spindle type drill. It can be used in engineering geological exploration, survey and exploration of solid mineral deposit, blasting engineering hole, ...

XY-1 Spindle core drill rig makes use of rotary action of drill bit to cut and crush rocks. It is particularly suitable for engineering geological investigation for construction of railways, ...

GXY-1 CORE DRILLING RIG Description: 1. Model GXY-1 drilling rig is a kind of spindle rotatory drilling rig. It was developed by Wuxi Mineral ...

China leading provider of Water Well Drilling Rig and Pneumatic Drilling Rig, Jinzhou City Shitan Machinery Equipment CO. LTD. is Pneumatic Drilling Rig ...

Quick Detail: 1.GXY-1A drilling rig, the improved product based on GXY-1 drill rig. 2.Low rotary speed and

Engineering drilling rig gxy 1

big torque are utilized for rig exploration prospecting, blast hole drilling, core drilling ...

The drilling rig has strong drilling ability, wide application range, fast drilling speed, strong accident handling ability, and high drilling efficiency. The power ...

High quality GXY-1C Hydraulic Borewell Machine from China, China's leading product market GXY-1C Hydraulic Borewell Machine product, with strict quality control Mine Hydraulic ...

Gxy-1 Geological Exploration Drilling Rig, Find Details and Price about Drill Equipments Drill Machine from Gxy-1 Geological Exploration Drilling Rig - Jiangsu Wuxi ...

1.GXY-1 is a spindle type drill. It can be used in engineering geological exploration, survey and exploration of solid mineral deposit, blasting engineering hole, inspecting hole of ...

Popular Products of Xy-1 L High Speed Engineering Drilling Rig Hydraulic Water Well Core Machine by Engineering Drilling Rig - Jinzhou City Shitan Machinery Equipment CO. LTD. ...

High quality GXY-1C Engineering Drilling Rig Portable Hydraulic Core Drilling Equipment Mine Use from China, China's leading hydraulic crawler drilling rig product, with strict quality control ...

Product Description: The Exploration Drilling Rig model XY-1 is a top-of-the-line piece of equipment designed for geological engineering and core sampling purposes. This advanced ...

Y-1 Core drilling rig is suited for the applications of general exploration and investigation, geophysical prospecting. Road and construction survey, blast holes and other drilling operations.

Gxy-1 Engineering Geological Exploration Drilling Machine, Find Details and Price about Core Drilling Rig Soil Investigation from Gxy-1 Engineering Geological ...

The XY-1 model boasts a substantial drilling hole diameter capability of 100mm, providing the flexibility to handle a wide array of drilling tasks. Whether it's taking soil samples, installing ...

GXY-1 core drilling rig mining drill sampling geological investigation drilling rig of Drifting tunneling drill rod, same as extension rods, our all drifting & tunneling ...

High quality GXY-1C Engineering Drilling Rig Portable Hydraulic Core Drilling Equipment Mine Use from China, China's leading hydraulic crawler drilling rig product, with ...

GXY-1 is a spindle type drill. It can be used in engineering geological exploration, survey and exploration of solid mineral deposit, geophysical hot hole drilling, and inspect hole of various ...

Engineering drilling rig gxy 1

Y-1 Xy-100 water well drilling rig, namely xy-1 water well drilling rig, is mainly used for geological survey and exploration, geophysical exploration, road and high-rise building foundation survey, ...

GXY-1 is a spindle type drill. It can be used in engineering geological exploration, survey and exploration of solid mineral deposit, blasting engineering hole, inspecting hole of various ...

It is equipped with hydraulic feeding mechanism and hydraulic chuck clamping mechanism at the upper end of vertical shaft to improve drilling efficiency and reduce labor intensity.

China leading provider of Water Well Drilling Rig and Pneumatic Drilling Rig, Jinzhou City Shitan Machinery Equipment CO. LTD. is Pneumatic Drilling Rig factory.

Light in weight, the rig can be disassembled easily, the biggest apparatus is in 200kg. The whole drill is in 500kg, it can be moved easily ...

China GXY-1 Geological Exploration Drilling Equipment For Engineering Prospecting, Find details about China Exploration Drilling Rig from GXY-1 Geological Exploration Drilling Equipment For ...
