

Epiroc surface drill rigs

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

Epiroc has introduced the new generation PowerROC T35 surface drill rig, explaining it offers significant advancements in fuel efficiency and operational speed. Designed to benefit quarries ...

The low-fuel SmartROC CL is one of the most powerful and resourceful surface drill rigs we've ever built. Equipped with the hard-wearing COP QM50 CR rock drill, your SmartROC CL will ...

FlexiROC T40 is a flexible and versatile tophammer drill rig, developed and designed for high performance in demanding construction applications. It's also a very efficient alternative for ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For example; oil and gas, construction ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

+ A rig you can rely on - shift after shift SmartROC rigs from Epiroc work consistently and effectively even in the most demanding conditions. Air capacity is the most important factor ...

Discover Epiroc's wide range of surface drilling equipment within mining, quarrying, engineering and the dimension stone industry. Surface drill rigs are used for blast hole drilling in ...

Explore the most comprehensive line of surface rotary and DTH blast hole drilling rigs in the industry, with a multitude of configurations to choose from and ...

The Epiroc PowerROC T35 is 45% faster at changing rods compared to the previous version which decreases the total time to finish the hole. The new drill rig has a 12 ...

It presents everything from drilling parameters to real-time Measure While Drilling (MWD) data. A SmartROC rig from Epiroc has the potential to significantly ...

Join Global Product Manager, Marcus Leü, as he guides you through the main highlights and features of two exciting new, radio-controlled tophammer surface drill rigs from Epiroc - the ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a

Epiroc surface drill rigs

hole range between 27-229 mm. We offer the widest range of surface drilling ...

PowerROC T45 is a tophammer drill rig optimized for larger construction work and quarry applications where simple flexibility in positioning is required. The straightforward design - with ...

It presents everything from drilling parameters to real-time Measure While Drilling (MWD) data. A SmartROC rig from Epiroc has the potential to significantly raise quality across the whole ...

The Christensen range of surface core drilling rigs has, over many years, established itself a reputation for reliability and ease of use. Many Christensen ...
