Who is Woltman piling & drilling rigs BV?

Woltman Piling and Drilling Rigs BV is part of Dieseko Group BV. Dieseko Group BV is a global market leader in hydraulic vibro equipment and power packs for the foundation industry.

Why should you choose Woltman piling & drilling rigs?

Woltman Piling & Drilling Rigs is a specialist when it comes to foundation and ground improvement equipment. The state of the art Woltman Piling & Drilling rigs are sophisticated and developed according to the latest technologies. The rigs are designed in such a way that they can be easily operated and serviced in an efficient and safe way.

What are the characteristics of Woltman piling rigs?

WOLTMAN Piling rigs are characterized by following criteria: Powerful Versatile Easy assembling Fast and efficient High reliability Rental - Piling Rigs WOLTMAN 50 PR Piling Rig Max. leader length: 27,8 m Engine: Caterpillar C-7, 183 kW Weight: 18,5 t (incl. pile + hammer)

What is a Woltman drilling rig?

Woltman Drilling Rigs rigs are specially designed for high torque drilling methods as displacement drilling and big diameter CFA. No excavator or crawler crane is used as undercarriage which has made it possible to guarantee the highest possible stability and low centre point of gravity.

What rigs does Woltman offer?

Woltman offers a wide range of machines with leader lengths exceeding 50 meters. Most of the machines are specifically designed for the installation of raked piles. Some of the drilling rigs can handle a torque up to 500 kNm and are designed for large diameter CFA and full displacement drilling.

Are Woltman heavy pile driving machines synchronized?

The winches of the Woltman machines are synchronized in a sophisticated way to ensure the most efficient pile driving operation. Woltman offers heavy pile driving machines that can be used as a regular lifting crane as well. The unique design requires a lot less working space compared to conventional crawler cranes with a hanging leader.
