

Face drill rig wholesaler

What is a hydraulic face drilling rig?

Hydraulic face drilling rigs for medium to large drifts and tunnels. Boomer L is a hydraulic face drilling rig for medium sized drifts and tunnels. Low-profile hydraulic face drilling rig suitable for small drifts and tunnels. Boomer S2 is a 2-boom Face drilling rig ideal for mine development and smaller construction tunnels.

What is a jumbo drill rig?

Epiroc's rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. These jumbo drill rigs can be equipped with up to four booms, covering cross sections from 6 to 206 m². Designed to be used in drill-and-blast operations.

How many booms can a jumbo drill rig have?

These jumbo drill rigs can be equipped with up to four booms, covering cross sections from 6 to 206 m². Designed to be used in drill-and-blast operations. The underground jumbo drill rigs from Epiroc are used for blast hole drilling in underground mining and tunneling.

How does a drill rig work?

The rig operator downloads the tunnel contour to the drill rig together with a drill rule file, and the drill rig generates its own drill plans. This eliminates the need for going back and forth with drill plans between the office and the drill rig.

What is a hydraulic tunneling drilling rig?

This hydraulic tunneling drilling rig features a telescopic feed beam, it is suitable for drilling hard rock mines with cross sections of 12-35m². This hydraulic tunneling drilling rig is a face drilling rig designed with increased working height, suitable for large hard rock mines and tunnels with cross sections of 12-44m².

What automation features does a Boomer underground Jumbo drill rig have?

Boomer underground jumbo drill rigs have a variety of automation features available. The Dynamic Tunneling package (DTP) is a software feature which lets the drill rig create custom made drill plans directly at the face of the tunnel.

To increase productivity, efficiency, reliability and precision even further, the Boomer M20 S face drill rig has smart automation options available such as ...

Epiroc's rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. Choose your model of jumbo here and read more!

Drilling is the heartbeat of any underground project--and face drill rigs are the tools that keep it going strong. Whether the concise tunneling in the transport industry or the slicing out hard ...

Face drill rig wholesaler

Find hydraulic face drill rig from wholesalers in China. Shop for mine drilling rig from Alibaba and enjoy favorable price points for ground excavators.

Face Drill Rig FOCOR self-propelled drilling rigs are mainly used to drill blast holes for tunneling constructions in mining, metallurgy, water and electricity, railway, highway engineering, etc. ...

The first domestically developed curved boom structure, with a small overall size, can meet the construction needs of most section types in tunnels and tunnel construction, especially for ...

Professional manufacturer of mining boomer, face drilling rigs, drilling jumbo in China. Founded in 1992, Jiangxi Siton Machinery Manufacturing Co., Ltd., specializes in research, development, ...

Welcome to Jiangxi Siton Machinery Manufacturing Co., Ltd.! Professional underground machine manufacturer since 1992 in China! We provide complete sets of equipment and ...

Types of face drilling rigs The face drilling rig builds a controlled blast hole pattern in rock mass to enhance stability and create a controlled rock support system. Typically, it comprises a drilling ...

The N-series face drilling rig is designed to carry out large-scale mining operations. It is built with sturdy equipment and can function well in harsh underground conditions.

FOCOR self-propelled drilling rigs are mainly used to drill blast holes for tunneling constructions in mining, metallurgy, water and electricity, railway, highway engineering, etc. The drill jumbos ...

The Boomer S10 face drilling rig is engineered for demanding mining and tunneling applications. Its highly durable design ensures precise positioning, rapid drilling cycles and reliable ...

Baldor Three Phase C-FACE Drill Rig Duty Explosion Proof Motors are ideal for on and off shore drill rig service, bulk fuel terminals, and transfer stations. For use in high humidity hazardous ...

Boomer S1 L is a low-profile hydraulic face drilling rig suitable for small drifts and tunnels with cross sections up to 29 m². The BUT 28 boom allows for fast, ...

Maybe you are a Face drill rigs (jumbo) WD581 purchasing manager, who are looking for high quality Face drill rigs (jumbo) WD581, and UNIROC are a professional manufacturer & supplier ...

The Boomer E3 (model names XE3 and WE3) is a hydraulic face drilling rigs for medium to large drifts and tunnels with cross sections up to 198 m². Even in the toughest rock conditions, ...

Face Drills Mine Master offers a wide range of self-propelled drilling rigs suitable for various heights and

Face drill rig wholesaler

width of headings. Plus a range of variant and optional ...

Durable and reliable rig for face drilling tasks. Performance-proven powerful tool for your continuous and efficient work in mining development and production. ...

Double Crank Rock Drilling Rig Wd200E on sale manufacturers, find details about Double Crank Rock Drilling Rig Wd200E manufacturers, supplier and wholesaler - UNIROC.

Our face drill rig enables operators to have a smooth drilling experience. At the same time, safety and stability are ensured.

62. Underground Mines Face Drill Rigs?ZEGA UJ21D? from Zhejiang Zhigao Machinery Co., Ltd. on TopTenWholesale . This supplier is located in Quzhou, China.

The durable and robust Boomer M1D and M2D rigs are hydraulically controlled mining and tunneling face drilling rigs. With the strong BUT 36 S boom, these ...

A professional wheel drilling jumbo manufacturer in China. The wheel drilling jumbo is mainly used in mining, metallurgy and other departments of the tunnel, culvert tunneling engineering.

Mine Master drill rigs (also known as underground drill rigs, master rigs or face drilling rigs) are primarily utilized in underground mines (hard rock & soft ...

FACE DRILL RIG WD561-N, UNIROCFor 4-12m² mining roadway, pumped storage power station, hydroelectric power station, reservoir irrigation hole digging drilling work and anchor hole work.

The Boomer M1D and M2D face drilling rig places a strong emphasis on safety and boost productivity across your operations. With a range of standard and optional functions, this rig ...

Find face drilling rigs from wholesalers in China. Shop for mine drilling rig from Alibaba and enjoy favorable price points for ground excavators.

Face Drill Rigs Z20 Multifunctional Double Face Drilling Jumbo for Full-section Tunnel DW1-24 Single-boom Face Drill Rigs for Underground Narrow Tunnel DT1-14 Crawler Hydraulic Face ...
