

Fingerboard drilling rig

The drilling rig according to claim 12 wherein the least one hinge is connected to said first pipe receiving portion and said second pipe receiving portion of said movable fingerboard section.

Finger Boards: A Vital Component in Derrick Safety and Efficiency In the world of oil and gas drilling, safety and efficiency are paramount. A key element in achieving this is the proper ...

Seadrill's fingerboard monitoring system integrates with OEM equipment and provides fingerboard latch status in real-time, protecting crew and assets from dropped object incidents during ...

The document provides information about components of a drilling rig, including the drawworks, crown block, fingerboard, drilling line, monkeyboard, top drive, ...

Home Equipment Drilling and Completion Equipment Derrick / Drillfloor Equipment, Misc.,Derricks and Masts,Drilling Rig Components, Misc.,Pipe Handling Equipment Fingerboard with Control ...

Salunda has announced it has launched the Latch Hawk 2 fingerboard latch monitoring device, with the aim of preventing dropped objects and improving safety during ...

In recent years, our Friede & Goldman design team applied their expertise in offshore drilling to designing offshore wind farm solutions. Beginning with our advanced leg and pinion wear ...

Vertical Pipe Handling System Our MHTM Vertical Pipe Handling (VPH) System allows highly precise lifting of different stand sizes with one machine only. As part of our pipe racking ...

Transocean Sedco Forex s Enter-prise drill ship and RB Falcon s Deepwater Horizon can poten-The rig s existing X-Y fingerboard is used when possible and Foxhole technology tially avoid ...

A fingerboard is a working platform used for pipe storage in a drilling rig. The fingerboard is generally positioned approximately halfway up a derrick or mast of the drilling rig, and includes ...

The fingerboards on most drilling rigs actually lack active feedback on the position of the latches. These latches are pneumatically forced to open and close, without knowing ...

Whether you're looking to upgrade your drilling equipment, make your drill floor safer, or add smart technology to your crane, we provide upgrades and field ...

Integrated with the drilling control system on the rig, Latch Hawk provides real-time feedback on the status of

Fingerboard drilling rig

fingerboard latches located within the drilling derrick, acting as a ...

SENSOR READY COMPOSITE LATCH THAT'S SAFER THAN STEEL Passive Safety - Designed to yield between 4000 & 4700 lbs Improved Load Path - ...

Salunda, a provider of digitized solutions for safety critical industries, has launched the Latch Hawk 2 fingerboard latch monitoring device to improve safety during pipe handling ...

Our fingerboards efficiently store drillpipe and drill collars during trips out of the hole. Each is tailor-made for your storage capacity, dynamic considerations, and interfaces and have a suite ...

The Monkey Board: A Rig Hand's Perch in the Oil & Gas Industry In the bustling world of oil and gas drilling, every piece of equipment and every space has a specific purpose. One such ...

Test Your Knowledge Fingerboards Quiz Instructions: Choose the best answer for each question. 1. What is the primary function of a fingerboard in drilling operations? a) To guide the drill bit ...

Embodiments of the disclosure also include a fingerboard for storing tubular members on a drilling rig includes a plurality of fingers that are laterally offset from one another. A slot is defined ...

Enhanced user interface and user experience. Latch Hawk 2: Revolutionizing Fingerboard Safety A Game-Changer for Woodworkers and Woodturners The Latch Hawk 2 is ...

Fingerboard latch monitoring Most fingerboards on a drilling rig lack active feedback of the position of the latches. In case a latch remains closed while it should have been open, latches ...

The drill pipe or drill collars are stood back upright in the derrick and placed into fingerboards to keep them orderly. This is a relatively efficient way to remove the drill string from the well when ...

Fingerboard drilling rig
