

Foundation drilling rigs factory

What equipment do you need for deep foundation drilling?

Learn more. ROC Equipment provides deep foundation drilling equipment for rent or purchase. Oscillators, rotators, reverse circulation drill rigs, heavy duty cycle cranes, casing and more to support your drilled shaft and CIDH projects.

Who makes drilled shaft rigs?

Watson Family As a long recognized leader and innovator in the Drilled Shaft Industry, Watson is uniquely qualified to design and manufacture foundation drill rigs for drilled shaft (bored pile) construction.

Where are CZM drilling rigs made?

CZM offers high-quality drilling and foundation construction equipment, made with pride in the USA. CZM is the premier drilling equipment supplier and US market leader for foundation drilling rigs. We manufacture our machines in Georgia, sell and service them directly to our customers.

What are drilling rigs used for?

At CZM we build drilling rigs for many different applications. Although the main purpose of these machines is to build piles for the foundation of buildings, they are very versatile and can be used in fields such as Transmission and Power Lines, Utilities, Landfill and Oil & Gas.

Why should you choose ROC equipment as your drilled shaft equipment provider?

When you select ROC Equipment as your drilled shaft equipment provider, you can expect that we will do everything possible to provide a great experience. Whether its sourcing a piece of equipment, helping engineer a drill-set up or responding to an emergency breakdown, we will use all available resources to help you achieve your project goals.

Are Watson drill rigs resaleable?

Watson offers a wide range of customizable hydraulic and mechanical drill rigs built rugged to provide years of proven field performance and maintain a high resale value.

China leading provider of Hydraulic Piling Rig and Piling Rig Machine, TYSIM PILING EQUIPMENT CO., LTD is Piling Rig Machine factory.
