

Full range of down-the-hole drill rig models

Sandvik intelligent surface drill rigs bring the latest technology to surface mining applications. View our leading range of surface drilling rigs.

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For example; oil and gas, construction ...

Get Maximum Productivity and Efficiency with Prime Rigs Water Well Rig Prime Rigs offers a full range of Water well rig and Borehole drilling rig for water well ...

SWD series down-the-hole drills are widely used in blasthole drilling applications for surface mining, construction and quarries. Hole diameters range from 138mm to 255mm ...

The DM45/50 rotary blasthole drill rig along with their big brother, the DML, are some of the most popular drills in the world for good reason. All three models ...

RELIABLE AND ROBUST MAIN COMPONENTS For over 50 years, we have claimed widespread expertise in developing drill rigs to meet your expectations. With that expertise, we have ...

At the same time, the 416 series DTH drilling rig is equipped with engineering crawlers and plunger motors as standard, which makes the climbing ability ...

If you are choosing when choosing a drilling rig for down the hole and understanding the variations between the models can aid you in selecting ...

RIG SOURCE OFFERS AN EXTENSIVE RANGE OF ATLAS COPCO DRILLING RIGS FOR SALE & RENT. As an industry leader in new and used drilling rig ...

This model is a full-hydraulic gyrator-type anchoring engineering drilling rig, which is mainly suitable for engineering construction such as foundation pit support and control of building ...

Discover how the right down-the-hole (DTH) drill rig can boost your mining and construction efficiency. Learn about rig types, key features, and ...

Discover advanced DTH rig machines for mining, quarrying, and construction. Durable, efficient, and cost-effective drilling solutions.

Full range of down-the-hole drill rig models

DTH drilling rigs are used in all sorts of industries, from mining and construction to geothermal energy projects. In this blog, I'm gonna break down the different models of DTH drilling rigs, so ...

Integrated Surface DTH Drill Rig An Integrated DTH (Down-the-Hole) Drill Rig is an advanced drilling system designed for efficient and precise drilling in hard rock formations. It combines ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

In better shape than ever Since the first D-series rig was delivered in late 1999, its popularity has been impressive, and well above 1000 rigs have been delivered to satisfied customers all ...

In conclusion, integrated down-the-hole drill rigs are essential equipment in the mining, construction, and quarrying industries, offering a cost-effective and ...

Tractor Mounted DTH (Down-The-Hole) Drilling Rig Built for hard rock and mixed formations, these rigs use a pneumatic hammer system to penetrate granite and rocky layers with speed ...

Leopard(TM) DI650i is an intelligent diesel-powered, self-contained, crawler-mounted down-the-hole drill rig built for demanding high-capacity production drilling applications in surface mining and ...

We keep a full range of surface down-the-hole drill rigs in stock, ready to ship without delay. Built for power and precision, our rigs ensure deep and efficient drilling in tough ground conditions. ...

Its updated lineup features two Sunward drill rig models, the SWDE165B down-the-hole (DTH) crawler drill and the SWDR1388 excavator ...

With contractors turning to HDD for increasingly diverse and demanding underground projects, manufacturers have responded by building rigs featuring a broad range ...

Simple maintenance: The design of the DTH machine makes daily maintenance simple, reducing downtime and improving the continuity of the overall ...

With contractors turning to HDD for increasingly diverse and demanding underground projects, manufacturers have responded by building ...

Down-the-hole drilling (DTH) essentially involves a drilling hammer at the bottom of a drill string. It relies on three elements for drilling holes: bit loading ...

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our

Full range of down-the-hole drill rig models

products include auger and down-the-hole rigs. ...
