

Fully hydraulic open-pit down-the-hole drill rig

Consists of integrated down-the-hole drilling rigs, full hydraulic open-pit drill carriages, multifunctional cutting drilling rigs, ground screw drilling rigs, down hole rock drill jumbos ect. It is widely ...

Sandvik Mining and Rock Solutions is evolving its Leopard(TM) DI650i down-the-hole (DTH) drill rig to support fully autonomous operation. The new iDrill automation platform ...

D Miningwell T635 fully hydraulic down hole drilling rig is designed for open pit mining, rock drilling and engineering exploration. Its core strengths are efficient rock drilling, flexibility in adapting ...

SWDM 178A DTH is an efficiency hydraulic integrative drilling rig, which is suit for high-level and large-bore open-pit blasting operation with various rock ...

SWDM 280BE-DTH is a full hydraulic surface drilling rig with cab, dust removal system, long distance travel driven by the engine and drilling working powered ...

The open-air full hydraulic drilling rig comes with a heavy-duty hydraulic top hammer drill (23.4 KW). With its powerful rotary torque impact power and ...

Unleash the extraordinary power of the CS590-3 crawler hydraulic down-the-hole drill, an unparalleled piece of engineering excellence. This premium equipment is meticulously crafted ...

SWDH series fully hydraulic open-pit top hammer drilling rigs are SUNWARD brand drilling rigs represented by our company. They are designed according to the operating conditions of ...

The DTH drilling rig (down-the-hole) is a highly efficient rock drilling equipment used in open-pit mines, stonework projects, road construction, and other scenarios. It is also called a shallow ...

TAIYE-D6-DTH is a high-efficiency integrated fully hydraulic crawler drilling machine. It uses diesel and diesel-electric hybrid power to adapt to the ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

The DTH drilling rig (down-the-hole drilling machine) is a kind of drilling machine, which is mainly used for drilling in rock formations. The down-the-hole drilling ...

Fully hydraulic open-pit down-the-hole drill rig

SWDH Series full hydraulic top hammer drilling rig is a SUNWARD brand drill rig that our company represents. It is designed according to the working ...

MININGWELL Separated DTH drill rig drilling rig is used for open pit, mine, quarry, construction etc. And this mine drilling rig is with good integrity, ...

SIMPLY BY CHANGING THE HAMMER In open-pit mines around the world, large down-the-hole drill rigs are working nonstop 24/7. In this context, the new Tundo™ RH650 DTH hammer ...

TAIYE-D8-DTH Full Hydraulic Crawler Mounted Large Diameter Blast Hole Surface Down-the-hole Drill Rig TAIYE-D8-DTH is an efficient hydraulic drilling ...

B4A 21M 2400N.M Hammer Drilling Rig Mine Drilling Rig The Hongwuhuan B4A drill rig is a type of full-hydraulic open-pit DTH (Down-The-Hole) drill rig. Below is a detailed introduction to this ...

Product Features The JK930 all-in-one fully hydraulic open-pit Top Hammer Drill Rig is a flexible and versatile top hammer drill rig designed and developed for high-performance in demanding ...

The UX tunnel drilling rigs are operated by hydraulic active control (HDC), hydraulic pilot control (SHE) and digital intelligent control (IAM). The UX series of drilling rigs are equipped with ...

KT12 Integrated Down the hole Drill Rig The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the widest range of surface drilling ...

Open-pit mining Surface down-the-hole drill rigs. MWYX-420 separated DTH drilling rig is equipped with a dual-motor rotary head and a rotary speed-adjustable multi-way valve. The rotary torque ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are ...

The SMC-TE-D480A is a fully integrated crawler-mounted hydraulic DTH drill rig built for blast hole drilling in quarries, open-pit mines, and large-scale construction sites.

Full hydraulic down-the-hole (DTH) drilling rig is a drilling rig for sale that uses oil pressure to drive and control all moving parts in the process of adjusting the ...

Epiroc GIA full hydraulic down-the-hole drilling rig, adhering to ATLAS Group's leading technology, has

Fully hydraulic open-pit down-the-hole drill rig

high reliability and high drilling quality. It integrates down-the-hole drilling rigs ...

ZGYX-416-1 Crawler Type Fully Hydraulic Down-the-hole Drill Rig for Open Pit Mining with Dust Prevention System Blast Hole No reviews yet certified Zhejiang Miningwell Supply Chain ...

Built for mobility and precise down-the-hole drilling in small to mid-scale construction sites, JC710 offers a balanced combination of compact design, efficient power transmission, and stable ...

Powerful rock drills offer excellent, vertical drilling capabilities in the customer's drilling operations. The fully-integrated rock drill, with its optimized design, provides higher energy penetration ...

The drilling hole range of TAIYE-X6A-DTH is 138-203mm. Working air pressure is 20-23bar, air displacement is 25m³/min is suit for open-pit mining, quarries ...

This machine is applicable in both open-pit mines and stonework sites, with functions of drilling holes in different angles, be it a vertical one, an inclined ...

KT25 open-pit down-the-hole drilling rig is a new type of drilling equipment carefully designed for the needs of large open-pit mines on the basis of years ...
