

Geoprobe 6600 drill rig

What is a Geoprobe #174; combination drill rig?

Geoprobe #174; combination drill rigs possess the power to tackle difficult site conditions combined with the versatility to exceed subsurface sampling expectations to equal business growth in both direct push and rotary drill rig applications.

What is a GEOPROBE 6600?

GEOPROBE 6600 (Ref#6056T) is a direct push/probing rig manufactured in 2004 with 497 hours of use, new hoses, rebuilt main cylinder, hydraulic extruder, mounted on a 2004 Ford F650 with Cat 3126E diesel engine, approx. 47,000 miles, new tires, new brakes, and GH60 hammer. Price: \$122,500

Why do you need a Geoprobe drill rig?

Helping you take the guesswork out of tracking plumes and solving environmental issues since 1996. Geoprobe drill rigs have become industry standard go-to method for efficient collection of soil, vapor, and groundwater samples. Efficiency and accuracy are important, which is why we offer several Geoprobe machines to choose from.

GEOPROBE 6600 (Ref#6056T) Manufactured 2004, 497 hours, new hoses, rebuilt main cylinder, hydraulic extruder, mounted on 2004 Ford F650 w/Cat 3126E diesel, approx. 47,000 miles, ...

The Geoprobe 6600 offers direct push capability to 75 feet below ground surface with Macro Core or Dual Tube sampling capability for continuous or discrete soil sampling. Soil and ...

KEHOE TESTING & ENGINEERING, INC. (KTE) distinguishes itself from other "standard" drilling companies by specializing in direct push sampling & Cone Penetration Testing (CPT) for ...

GH62 Direct Push Hammer replaced in 2022. New slides, paint, and decals in 2022. Brakes replaced in 2022. Includes liner extruder, auxiliary hydraulics, ...

Versatile driller truck options. Truck mounted drilling rig for geotechnical sampling. Truck drill rig for environmental investigations.

Terra Probe Environmental Inc, providing environmental services, geotechnical drilling, geoprobe drilling, groundwater investigating, stock drilling, residential drilling to Michigan, Ohio, Indiana ...

The Geoprobe 6600 offers direct push capability to 75 feet bgs with Macro Core or Dual Tube sampling capability for continuous or discrete soil sampling. We also offer Large Bore ...

Direct Push Drill Rig Buying and Restoration Options Not only do we rent from our large fleet of

Geoprobe 6600 drill rig

Geoprobe®; Direct Push drill rigs, but we also offer reconditioned, ...

We utilize seven 6600 series track rigs for performing sampling. Drill with 4" solid stem augers through sandstone or cobbles. Track mounted rigs provide ...

A range of drill rigs for sale for direct push drilling include modular, track designs to limited access, dollie-mounted small drill rigs.

Geoprobe® machines have lower capital costs and are more economical to operate than rotary drilling machines and the level of effort and labor required for Geoprobe® machine operation ...

Direct Push Drill Rig Buying and Restoration Options Not only do we rent from our large fleet of Geoprobe®; Direct Push drill rigs, but we also offer reconditioned, restored, and pre-owned ...

Track mounted drill rig options engineered to succeed off road. Track drill rigs for sale include geotech, combination, or direct push track drill rig.

The Geoprobe 6011DT is a stripped-down version of the 7822DT. Featuring many of the same features and all the same power on a smaller body design, this rig ...

Except for our 6600/PC111, we have replaced all these rigs with a 6712DT and a 7822DT. Today, we have four full-time operators, including myself, and our ...

We have developed this E-specs document to allow you the ability to quickly compare the features and capabilities of various probe machines offered by Geoprobe Systems®; ... the ...

KERAMIDA's skilled equipment operators use our fleet of Geoprobe®; rigs to provide service for all drilling, injection, and soil, water, and vapor sampling projects.

The Geoprobe 6011DT is a stripped-down version of the 7822DT. Featuring many of the same features and all the same power on a smaller body design, this rig is small but mighty. The ...

Combine geotechnical augering and high-speed rotary with advanced direct push capability to offer additional services to your customers, quickly going from coring rock to pushing CPT - all ...

Documents available for download such as drilling rig diagram and drilling machine maintenance checklist. In-depth documents are exclusive to ...

Three-Year / 1,000 Hour Warranty - The GV5 Sonic Head from Geoprobe®; 8150LS: An In-Depth Walkaround of Geoprobe®; System's Powerful Sonic Drill ...

Geoprobe 6600 drill rig

KERAMIDA's skilled equipment operators use our fleet of Geoprobe® rigs to provide service for all drilling, injection, and soil, water, and vapor sampling ...

They've also added a "like-new" refurbished Geoprobe® 6600 with automatic drop hammer and a new 540MT for drilling and injecting in low-clearance ...

Discover a wide selection of Geoprobe® units direct push drill rigs for rent. With flexible rental terms and a fleet of well-maintained equipment, you can rely on ...

Compact ATV direct push and rotary drill rigs are designed to adapt to your changing work roles - no matter how remote the site or uneven the ground.
