

German air compressor screw oil manufacturer

Who makes rotorcomp air compressors?

ROTORCOMP is a prominent OEM supplier of screw compressors for air and gas, offering a comprehensive range that includes oil-injected screw compressor blocks and compact units. Their product portfolio spans a power range from 2.2 to 670 kW, making them a key player in the air compressor market.

What is a screw compressor?

A screw compressor is a type of compressor that employs screws to continuously compress fluids. One notable example is the air compressor, where air drawn in from the intake is compressed between a pair of screws and discharged as compressed air. This is the principle behind screw compressors known as the twin-screw type.
