

German rock drill bits

Are drill bits made in Germany?

(The Short Answer) Finding drill bits made in Germany is more difficult than you might think. But I managed to find 3 companies that definitely manufacture drill bits in Germany. They are Wemaro, Keil, and Heller Tools. It looks like the vast majority of large German tool companies don't actually produce that many products in Germany.

Who makes Guhring drill bits?

Here's what I found. Guhring is a German-based company that manufactures a variety of tools and tool accessories, this includes drill bits. Its headquarters is located in Albstadt-Ebingen, Germany, but it has facilities dotted all around the world.

Where are Heller tools drill bits made?

It is a very well-known company thanks to its long-lasting and durable drill bits. From drill bits that go through granite, masonry, and even reinforced concrete, Heller Tools has it all. From the information I was able to find, it looks like Heller Tools manufactures its products at a facility in Dinklage, Germany.

What is the best drill bit for rock?

The WORKPRO 8-Piece SDS-plus Drill Bit is a price, multi-purpose, and long-lasting drill bit for rock. Its carbide-tipped head and sturdy construction help keep it in top working condition for as long as possible. Different Diameters, This drill bit is available in eight diameters, making it extremely versatile.

When should a drill bit be used?

It is recommended for surface near drilling applications, junk or workover operations, where low rotation speed or only short intervals are encountered. The bits are equipped either with open or a basic seal bearing packages. Depending on the purpose, bits can also have a lite gauge protection.

What makes our rock bits different?

We distinguish our rock bits based on the expected drilling times. High performance sealed bearing packages with advanced pressure compensation, that are capable to be used on high rpm and/or high WOB applications. These bits are designed for running on downhole motors and are come with a gauge protection.
