

Greka drilling rigs

Who is Greka Drilling?

Greka Drilling serves the unconventional gas industry through the life cycle of formation evaluation, drilling and well completion. Our technology and equipment enable us to drill with high accuracy, maximum efficiency and least non-productive standby time. Greka Drilling can offer a broad range of integrated services.

Why should you work at Greka Drilling?

Greka Drilling is one of the fastest growing unconventional gas drilling companies providing multiple opportunities for you to explore your potential. Working in a dynamic environment with skilled technical staff will help you attain rewarding, across-the-board job satisfaction.

Where is Greka based?

Greka Group is administered globally through six offices located in Hong Kong, London, New York, New Delhi, Santa Maria and Zhengzhou. Greka Shizhuang South Camp, Shizhuang town, Qinshui county, Jincheng City, Shanxi province. © 2017 Greka. All rights reserved We don't frack our wells -- and we drill them without a drop of chemicals.

Why should you choose Greka?

Greka provides environmentally-friendly and unconventional sources of energy- and we don't frack the wells we own.
