

Haiyan Water Well Drilling Rig Quote Inquiry Form

What types of drilling rigs does YG supply?

According to drilling depth, opening hole diameter, and applying site, YG supplies many different types of drilling rigs, such as water well drilling rigs, DTH drilling rigs, mining drilling machines, core drill rigs, piling rigs, exploration drilling rigs, and crawler drilling rigs, etc.

How do I submit a preliminary notice of proposed water well?

Submit a Preliminary Notice Of Proposed Water Well (PDF) to DEC prior to commencement of drilling a water well. This form may also be completed and submitted online using DEC's online form tool, nForm. Complete a Water Well Completion Report (PDF) upon completion of drilling a water well.

Do I need a water well completion report?

The water well contractor must notify DEC prior to commencement of drilling a water well and file a Water Well Completion Report with DEC upon completion of a water well. A copy of this report must also be provided to the owner of the water well. Water well standards are determined by the NYS Department of Health (DOH).

What is a DTH drilling rig?

DTH drilling rigs are a new type of energy-saving and high-efficiency rock drilling equipment that can be widely applied to large-diameter blast hole rock drilling operations in medium and small-scale mines and road construction, national defense, water conservancy, and stonework.

What are the Hot-sell drilling rigs in YG machinery?

The mining drilling machine is another hot-sell drilling rig in YG Machinery because it can be widely used in water well drilling, geophysical exploration, road and building exploration, blasting holes, and other drilling projects.

What is a water well drilling rig?

A water well drilling rig is most used in the drilling of soil and soft rocks. The water well drilling machine becomes a hot seller in YG Machinery Co., Ltd thanks to its fast drilling speed, ease of moving around, and cost-effectiveness.
