

## Hh drilling rigs

The HH Series drilling processes are largely automated and centrally operated from the climate controlled driller's cabin. Stuck pipe becomes less of an issue with features that allow ...

In total, we own eight drilling rigs for both offshore and onshore operations. Most of our drilling work is carried out off the coast of Azerbaijan at the Umid, Gunashli, Western Absheron, Bulla ...

The HH-series sophisticated hydraulic height, RPM and torque control minimizes damage of the threads. The use of this equipment eliminates the need for a special service company to run-in ...

The HH Series began in 1993 as simple and regular hydraulic rigs for drilling water wells. It was then modified and improved to meet and surpass the demands of oil and gas drilling with the ...

Everything about the HH Series is designed for speed, safety and efficiency. You can tell just by looking it is not a conventional rig. From it selferecting ...

H.H. Drill-Tech Drilling Machinery Co., Ltd., the former Jiangsu Lianyungang Huanghai Machinery Co. Ltd., is a National Hi-tech Enterprise, specializing in design, and manufacture a variety of ...

Everything about the HH Series is designed for speed, safety and efficiency. You can tell just by looking it is not a conventional rig. From it self-erecting ...

The HH Series is designed with a clear goal of reducing carbon footprint in drilling and production processes. This hydraulic drilling machine features a powerful ...

Everything about the HH Series is designed for speed, safety and efficiency. You can tell just by looking it is not a conventional rig. From it self-erecting telescopic mast made from powerful ...

This document describes HH series drilling rigs from Drillmec. It provides details on 4 generations of drill rig technology with a focus on the ...

ADNOC entity to deploy 3 "island" drilling rigs at offshore operations File picture of drilling activity at the Zakum field. The three new drilling rigs will be deployed on the offshore ...

Our team has extensive experience in manufacturing and servicing oilfield equipment globally. We provide new, refurbished, and used parts for your oilfield equipment. service and equipment ...

From South America to Russia, from Arab Emirates to Australia, from North America to Iceland: in more than

## Hh drilling rigs

40 countries on the 5 continents, a Drillmec ...

The HH Series is a hydraulic drilling machine that is designed for safety, high performance, reduced emissions, and speed with reduced non-productive time. The HH Series are fully ...

The document summarizes Drillmec's HH Series of automated hydraulic drilling rigs. The HH Series rigs range in static hook load capacity from 75 to 272 ...

The HH Series began in 1993 as simple and regular hydraulic rigs for drilling water wells. It was then modified and improved to meet and surpass the ...

Drillmec brings it all together in one drilling rig - the HH Series. The evolution of the HH Series began with a simple hydraulic rig for water wells and advanced to one that meets and exceeds ...

On the basis of the HH Series experience and field results, Drillmec has developed a new generation of fully automated drilling rig forward, named AHEAD (Advanced Hydraulic ...

ADNOC entity to deploy 3 "island" drilling rigs at offshore operations File picture of drilling activity at the Zakum field. The three new drilling rigs will ...

By continuously evolving the drilling process through our best-in-class technology, industry-leading rig designs and purpose-driven expertise, we deliver ...

Energy Equipments Manufacture With the annual manufacturing capacity of 120 drilling rigs and 500 mud pumps, HH has the world's largest rig assembly and ...

Automated systems, centralized control and few rig floor workers combine for a safer and more efficient drilling operation, better performance and reduced ...

The ZJ70DB is a state-of-the-art 2000HP land rig, featuring advanced AC variable frequency drive technology and skid-mounted design. Ideal for deep drilling ...
