

Highlander air track drill rig

Air Track Crawler Drill Rigs from MindrillMindrill YODHA115 crawler drill is a pneumatic crawler drill for drilling with a top hammer (TH). It comes with two ...

Air rotary drills for mineral exploration, construction and geotechnical industries, available in Reverse circulation, RAB, air core, track mounted and helicopter ...

Our Pneumatic Rock Drills Dominate The Air Rock Drill Market. Air Rock Drills Are Well Built, Durable And Powerful For Exploration Drilling. Get A Quote.

It is built to the highest of Australian standards and offers the consumer great reliability. The Highlander Airtrack Drill Rig was built primarily for secondary ...

Engine Cummins QSB 6.7L (408 cubic inch) 6 cylinder turbocharged and charge air cooled diesel engine. U.S. EPA Tier-4 final emissions certified diesel ...

The ATD100 Air Track Drill is a self-propelled pneumatic crawler drill that can be used for both DTH and drifter drilling. It maintains a simple and lightweight ...

Blue Max has a range of track rigs for environmental and geotechnical drilling, across Vancouver Lower Mainland, Terrace and Kitimat, and Vancouver Island.

AirROC T25 and AirROC D40 are the ideal "Compact Solution" drill rigs. High operational efficiency from the rig is achievable with its easy handling and interchangeable features.

CME track drills 45C/300, 55/300, 55LC/300, 55LCX/300, 850X, 850XR are efficient auger, core, rotary rigs for geotechnical, environmental, mineral ...

The AirROC T35 is a medium-sized Both these machines are suitable for tophammer air drill rig. It features a limestone, aggregate quarries and unique VL 140 pneumatic rock drill. surface ...

The Canyon ATD100 is a compact, portable, light weight yet powerful pneumatic track drill for heli-portable, remote access or confined space drilling. Used for ...

HIGHLANDS Mining has delivered its first Highlander Series 4 drill rig to ABM Contractors for use on secondary support contracts at the Crinum mine and Kestrel mine ...

Our track rigs have been designed to service many industry sectors including; construction, mining, oilfield,

Highlander air track drill rig

dams, and pipeline investigation. The track rigs ...

Versa-Drill offers reliable, low-maintenance, and powerful air rotary drilling rigs. All our models are equipped with our patented, direct-drive hydraulic feed system.

Explore Rig Source's extensive selection of rental drilling equipment, including geotechnical, environmental, core drilling, and more. Browse our available ...

MPP's new limited access geotechnical drill. This compact, rubber-tracked rig was designed to complete work on drill sites where access is limited and/or environmental impact must be kept ...

All Terrain Track - Dietrich 50 Capable of drilling holes with conventional and hollow stem auger to depths of 75 - 200 feet (pending auger diameter). L.A.D. - Limited Access Drill Track mounted ...

The ZT44 is a down-the-hole surface drill rig designed for mining-duty applications. It offers high reliability and production with purpose-built structures, a high horsepower engine and large ...

The pneumatic crawler drill rig is a multifunctional high-efficiency drilling rig, which integrates the functions of rhinestone and air drilling. It has the characteristics of both water drilling and air ...
