With the delivery of high-level training to our teams, we continue to demonstrate that safety is our top priority.

How many rigs does horizon have?

Since then, our fleet has grown to where it is today with 34 rigs, making Horizon the fourth largest drilling contractor in Canada. Our mission is to provide our clients with the best possible experience as we continue to build our extensive fleet of innovative products and purpose-built rigs.

What happens when a drilling rig hits a geyser?

The drill hits a geyser, spraying mud and methane gas all over the rig, and quickly goes up in flames. Stuck between a burning rig and an ocean also on fire from spilled oil, the crew is faced with dire circumstances as they fight to survive.

Was there a chest-bumping deal on the Deepwater Horizon?

Williams stated that there was a sense of 'short of a chest-bumping kind of deal' regarding who was ultimately in charge on the Deepwater Horizon. On the day of the accident, several BP managers were on the Deepwater Horizon for a ceremony to congratulate the crew for seven years without an injury.
