

# How much does a drilling rig cost

How much does a drill rig cost?

Those two factors greatly affect the cost of the rig you're looking to purchase. What is the average cost of a drill rig? A standard land rig with 1,500 to 1,700 horsepower will cost between \$14 million and \$25 million to own. An offshore oil rig cost is much higher, starting at \$20 million and going as high as \$1 billion.

How much does an oil rig cost?

The cost of drilling an oil well can range from \$2 million to \$20 million, depending on factors like the depth of the well, location (onshore vs. offshore), and rig type. Offshore wells, especially in deepwater, are significantly more expensive than onshore wells. How much do oil rigs cost to construct?

How much does a drilling rig cost in 2025?

Here's a table comparing the costs to buy new, buy used and rent a drilling rig in 2025: The cost of buying a new drilling rig ranges from \$3-4 million for basic land rigs to over \$1 billion for advanced offshore rigs.

How much does a drilling rig make a day?

Offshore drilling rigs typically earn between \$200,000 and \$600,000 per day, depending on the type of rig, location, and market conditions. Deepwater rigs and those operating in harsh environments generally command higher rates. What are the costs of drilling?

Should you buy a used drilling rig?

The used drilling rig market is a cost-effective option for operators. Prices change based on age, condition, and demand. On average, machines stay listed for 180 days on used equipment websites. When looking at a used rig, buyers need to think about maintenance costs. These costs can be quite high.

How does the price of a drill rig affect the price?

Since most of the parts used are made from steel, the fluctuations in the steel market will influence the rig's price. Demand for the additional equipment to fit on the rig will also play a part in costs. Where your rig is built impacts the labor costs, which affect the price of the drill rig.

Prices to rent the most advanced offshore drilling rigs averaged \$420,000 a day for the first half of this year, as roughly 90% of the industry's ...
